Dear Inspector General,

I am contacting you regarding the purported professional and operational connections between Department of Homeland Security Investigations and the activities of Veterans For Child Rescue Inc (V4CR) Arizona; and V4CR founder Craig Randall (Sawman) Sawyer.

In April of 2017, Craig Sawyer founded V4CR whereupon he declared through both mainstream and independent media that his group of veterans, which he called the "VIPR Team" (Veterans Investigating Pedophile Rings) were going to "extract" trafficked children from their confinement and captivity. Sawyer claimed V4CR was going to film the "extractions" and show the footage to the public so the world could see the truth about child trafficking. Sawyer never rescued one child and never showed any such footage.

In May of 2020, Craig Sawyer released a documentary style film entitled "ContraLand". In the rolling credits at the end of ContraLand, Sawyer states he was working with "Homeland Security Investigations" during the "Texas Operation" in Webb County, Texas.

Craig Sawyer stated publicly he is overseeing the Cartel traffic children across the U.S. Border. see

attached

Craig Sawyer and members of his organization have been reported for crimes, including crimes against humanity, to the Office of the Governor in Texas, CID at Fort Campbell, Kentucky, and Webb County Sheriff in Texas.

Craig Sawyer and members of his organization have written to me via interstate electronic communications and warned that I (Timothy Charles Holmseth), my children, and my Publisher (Randi L. Erickson) are going to be kidnapped, transported across state lines, raped (bestiality), filmed for rape porn, tortured, and murdered (see attachments).

Was/Is Craig Sawyer and/or Veterans For Child Rescue Inc, associated with Department of Homeland Security Investigations as he purports in "ContraLand"?

What is DHS present relationship with Craig Sawyer and V4CR?

Respectfully yours,
Timothy Charles Holmseth
