Operatives Who Use All Forms of Media to Spread Propaganda and Disinformation to Subvert and Manipulate the Public, Typically to Deceive for Personal Gain or to Protect a Nefarious Network and Cover Up Group Criminal Activity and Crimes Against Humanity.

May 21, 2023

Written for Toby Hunt and Amy Berndt from the Marion County States Attorney Office.

Overview

I have been terrorized, infiltrated, threatened, endured numerous extortion attempts, added to elaborate CIA style Psychological Operations and I've been Gang Stalked by a group of American and Canadian Operatives/ Agents going on for years, more specifically and intensely for the past two years. This group whom I call connected individuals Operatives or the GET Network almost always lead me back to Florida through my own researching efforts. I feel the reasons for this harassment, perpetual torment, frequent threats and attempts to destroy my business and defame my reputation is clear to me, I read, review material, learn, re-post, further research and support the work of a heavily targeted American Investigative Journalist named Timothy Charles Holmseth. This unbelievable chapter of my life started years ago when I would simply mention the name Timothy Charles Holmseth anywhere on the internet. Eventually I would end up commenting in what I suspected was Holmseth's Twitter post comment sections or comment in accounts whom I believed to be the elusive Investigative Journalist. Eventually and inevitably most accounts associated to Timothy Charles Holmseth would be deleted or eliminated be it Twitter, Instagram, or YouTube for example, wherein troves of information unfortunately appeared to be deleted from the internet in an instant. From Canada, I have numerous accounts debilitated and corrupted for simply even trying to comment to Holmseth using open-source methods. Even to present day Holmseth related content it still being censored and deleted from the internet.

It appeared to me early on that the Operatives/ Agents that were relentlessly bombarding Holmseth's comment sections with what I now call "GET Holmseth"

Propaganda, were clearly a coordinated Network of Operatives/ Agents rather than readers of Holmseth content or his Reports, the relentless attacks by this Network were truly what made me take more genuine notice of Holmseth's Reporting and plight. It was clear to me Operatives were using coordinated defamatory style talking points/ propaganda strategically placed in comment sections (of accounts I believe to have been Holmseth's accounts), disinformation and propaganda regarding Holmseth's children, family and colleagues. The attacks were/ are highly defamatory in nature, rife with disinformation and never supplied with any proof, legitimate evidence, or substance. If anyone watched close enough and over time it would be easy to see an Organized Eco System/ Network and a nefarious manufactured subculture of Operatives who followed Holmseth, his colleagues and some of his supporters wherever Holmseth appeared to publish information. The GET Holmseth Network would use the same talking points to defame Holmseth, endlessly and (this for years as far as my research goes) using much of the same defamatory statements written as if fact and this is still happening until my writing this document beginning 05.21.23. This endless supply of detractors appears to be a large group of trained Handlers, Agents or Operatives, Assets and Trolls but when you really look into it, it isn't as many at all perhaps the same 30 to 50 people but the core group is only around 10 to 15 people. Like sharks to small fish the Operators in this GET Network circle in on, try to manipulate and or attack anyone who shows any kind of interest in Timothy Charles Holmseth Reporting whatsoever. Seemingly, it appears some purposes for this Network of HATE is to discredit Holmseth's Reporting, post disinformation, intimidate readers or subscribers, turn off and confuse readers intending to leave Holmseth with possibly less credibility because of the false propaganda/ talking points and disinformation strategically placed rather than the article published. The GET Holmseth Operatives or Network would often have conversations between themselves within accounts or channels that publish Holmseth's work or are believed to be Holmseth operated comment sections, the Operatives portraying themselves as unbiased supporters of Holmseth's yet it was always just another elaborate ruse intending to deceive and leave disinformation behind that would cause an unsuspecting on looker to take unnecessary caution towards Holmseth, his colleague's and the intended message published by Timothy Charles Holmseth Reports™. Initially I noticed that rarely were/ are the attacks on Holmseth and his colleagues about published content from Timothy Charles Holmseth Reports™, the comments were/ are more personal attacks and repeated defamatory type statements in nature and to say the comments were/ are disparaging would be a gross understatement.

In addition to attacking Holmseth and his colleague's this network, abuses, attacks, infiltrates, handles, extorts, threatens and or befriends and manipulates anyone who appears to show a keen interest in Holmseth's Investigative work and Reporting or persons who attempt to support Holmseth or his colleagues in any

way, a colleague like a Minnesota woman named Randi Lynn Erickson for example. To surmise not only does this Network target Holmseth, they target all of his colleagues and many of his supporters. It is fact that anyone and everyone who has publicly supported Holmseth big or small has been negatively affected by this nefarious GET Network and in many ways including death. This Network regularly makes Impostor accounts, websites, channels that purport themselves to be Timothy Charles Holmseth.

Recently members of this Network even made a replica website to my own Toronto based Medical Training Business's website and that is published on the internet using the faces of medical health practitioners affiliated with my Toronto based business. They have made numerous infiltration attempts into my life typically creating impostor style accounts who pretend to be Timothy Charles Holmseth, I suppose in trying to befriend me, manipulate me, get information from me, to supply disinformation to me so I become confused about facts and question my own sanity or judgment etc., they constantly try to set me up so I make statements they can use against me or attempt to get me to make negative statements about Trump, Holmseth or Erickson, they likely attempt to take advantage somehow of my proximity to Holmseth as I can message him. Ultimately this Network uses a combination of tactics best described as CIA type Psychological Operations and or FBI COINTEL Pro style tactics.

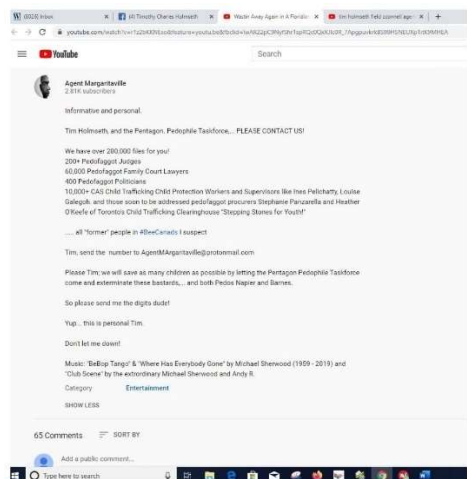

May 2021 is when I was told Holmseth came into Telegram (by an Operative named Sherry Kathleen Noeller) and this is when things really started to escalate between myself and the GET Holmseth Network, the Operatives followed Holmseth into Telegram from Twitter after what appeared to be Holmseth's Twitter accounts became deleted.

The Operatives have been perpetually trying to intimidate, infiltrate me or handle me for years now, they threaten me and try to force me into dropping any support for Holmseth or Erickson and a more recent threat for example, I was told by Alexandria Goddard out of Ohio, I needed to just shut the f*** up. I am being severely threatened to this day with a most recent report provided to the Toronto Police Department 15.05.23 for death threats received by whom I believe to be a man named Gerald Brummell using an anonymous Twitter account under the handle @NikolaTeslaQuot. Brummell is a Canadian Operative/ Agent, and he works closely with the GET Holmseth Network and others. It appears as recent as December of 2022 Brummell was released from a prison in Lindsay Ontario, Canada, where I believe he was incarcerated for harassment and making death threats and according to Brummell himself the Judge in his case ordered Brummell to a 60-day psychiatric assessment where Brummell made it public that his court ordered Psychiatric Doctor wanted to talk to Brummell about how he felt about Timothy Holmseth. Like the other Operatives Gerald Brummell is totally obsessed

with all things Timothy Charles Holmseth related. It appears that Brummell portrays himself a textbook conspiracy theorist and supporter of a movement called QAnon, in fact it appears to be much darker than that and that a smokescreen to overtly threaten and blackmail. Brummell and his Canadian colleague they call Agent A1 (Possibly Alan Cook, Scarborough, Ontario. Unconfirmed) regularly boast about having arsenals of blackmail files to use against Law Enforcement and other high-level Government officials including Military or former Military. Brummell claims to have 200,000 explicit files and more, it appears Brummell is part of a blackmail targeting operation group that targets high level officials including U.S. congressmen using illicit footage by blackmail. Brummell (Agent Margaritaville), is affiliated with a man called Montegraph formerly known as Dale Ellis Bennet, Roy Warren Marshall now reportedly he calls himself Steve Quest, an associate of Quest's is called Agent 19 (Possibly Frank Jardim of Tennessee. Unconfirmed). It is reported and appears Montegraph is/ was a child torture film producer and Agent 19 brags about his ability to arrange for people to be arrested at his say so or at his ability to coordinate for example. After it appears Montegraph and Agent 19's relationship deteriorated, Quest alleged that Agent 19 was a serial killer and pedophile. Gerald Brummell can be closely connected to a woman who calls herself Paula C. Blades (Name unconfirmed believed to be out of Vancouver, Canada) and Brummell, Quest, Blades and Jardim are all very closely connected to Bar Lawyer Kim Lowry Picazio (Fort Lauderdale). Picazio appears to be at the top of the GET Network with agents and underlings such as Montegraph, Agent 19, Alexandria Goddard (Martins Ferry, Ohio), William Kevin Murtaugh (Orlando or possibly Apopka Florida), Levi Henry Page (Tennessee), John Taylor (possibly Virginia), Sherry Kathleen Noeller (Texas), Ashley Cooper Brown (Minnesota), Sarah Moch (Arizona) this naming some of the key figures in this GET Holmseth network.

In addition to having connections to Kim Picazio and her colleagues, Gerald Brummell claims he has evidence of a \$68 Billion dollar money transfer from Jeffery Epstein this to a large Canadian Bank out of Toronto Ontario. It appears there may be additional connections out of Florida regarding Jeffery Epstein, Kim Picazio and the now dismantled Law firm called Rosenstein, Rosenfelt and Adler, three lawyers all disbarred and now possibly still imprisoned. Holmseth reported Kim Picazio (and some say her husband Michael Picazio) had been accused by a colleague of direct involvement in International Child Trafficking mainly using CPS children through the Ukrainian embassy in Washington. Michael Picazio is reportedly a convicted felon.

See an example of Gerald Brummell's early message writing style to Timothy Charles Holmseth prior to his arrest

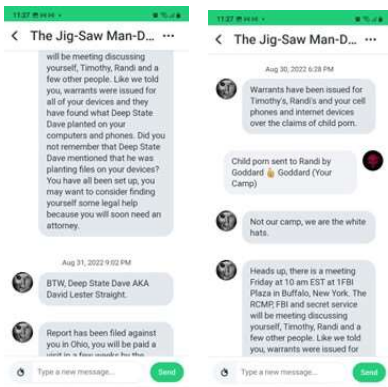

It appears Brummell had tried repeatedly to obtain Holmseth's phone number and was intending on sending some dark material to Timothy Charles Holmseth reportedly numerous times, from what I can see Holmseth made public statements back to Brummell stating he shouldn't even be in possession of such material and that Brummell should immediately contact the RCMP especially if child pornography was involved. Holmseth did report that Brummell apparently did send an image of a naked child's vagina to a Holmseth affiliate named Field McConnell. This group told me they were going to plant child pornography on my computer, and I do believe they attempted to do so. They make these threats about planting child porn and DNA regularly.

See examples of typical Operative style threats via Anonymous account below:

Threatening and extortion type threats and behaviors exhibited by Brummell are nearly identical to tactics from the GET Holmseth Network Operators, only a few of the most overt being Alexandria Goddard, William Kevin Murtaugh, Levi Page and Ashley Cooper Brown

Appearing to be part of the top tier management of the GET Holmseth Network are Kim Picazio, Gerald Brummell, Craig Sawyer, Bob Hamer, Wayne Willott (Unconfirmed name) and David Lester Straight. Once a person has this group involved in their life, the Network intends to destroy it and I have watched them destroy many people as I am still watching as they are actively working to destroy many, many people to this day above and beyond Trump, Holmseth and the people who support them. This Network are very well trained and there is zero chance in my opinion the whole subculture is not made up of trained Operators connected to the FBI and CIA.

In addition to following Holmseth's work, I was doing my own research type work in Canada, which could be another reason for my being targeted within my own country. Back in 2018, 2019 and 2020, I was attending small protests in Toronto, Ontario opposing the UN Climate Agreement made by my government and eventually those protests became infiltrated. I started to monitor Canadian Operatives who appeared to be running operations rather than protests in Toronto and the rest of Canada. I began writing reports about Controlled Opposition and reporting these groups to Law Enforcement and Intelligence, at some point to my surprise, things happening to me in Toronto started to intersect or overlap with elements and Operatives/ Agents within Holmseth's reporting and Operatives/ Agents targeting Timothy Charles Holmseth and his colleagues beginning with Gerald Brummell... I am certain Brummell had his Agents infiltrate me at the protests by be-friending me in Twitter first. Between my own research into the Canadian Operatives and "knowing" many aspects of Holmseth's Reporting and the fact that I am not exactly afraid of the underhanded and generally covert threatening nature of the Operatives/ Agents or its Network, it seems I painted a perpetual target on my back over here in Canada, but various elements seemingly end up connecting back to Florida.

To Surmise

Ultimately any person who visibly supports Holmseth or his colleagues in social media comment sections or by using their own channels or accounts can and have ended up becoming familiar or worse targeted (some knowing and some not) by the numerous Operatives and Gang Stalkers working for the GET Holmseth Network who monitor Holmseth's total existence around the clock, it is truly all about GET

Holmseth..., they try to follow his movements, they track his donations, know his wardrobe, his family, colleagues, previous employers, all the locations Holmseth publishes material, what vehicle he drives, where he has stayed, what hotels he stays at and on and on, many of them seem to eat sleep and breathe Timothy Charles Holmseth and this for years if not over a decade now. The cohesive nefarious GET Operatives literally do whatever it takes to stop people from any kind of support for Holmseth by any means necessary, be it intimidation, threats, destroy lives, attack businesses or employers, extortion, threaten even people's lives, whatever means necessary, and it looks like that list includes murder. It appears to me supporters and persons closer to Holmseth and/ or his affiliates and their families are also subjected to regular all-encompassing invasive and elaborate Psychological Operations and Infiltration.

Knowing these Operators only target Holmseth, Erickson and their colleagues or affiliates because they are trying to report on matters of National Security and truths that might be offensive to some yet matters that do need to be exposed to the public, myself knowing how these characters are nefariously connected and knowing that Holmseth and Erickson appear to me to be good people trying to do the right thing is why I started capturing information and regularly watched the higher-level Operatives/ Agents and I've been doing this for years now, I have captured a substantial amount of information to form any of the conclusions I make here in this document. I've watched the GET Holmseth and other Networks ad nauseam, I've studied what I feel is the hierarchy structure with all the resources and time I have. I am comfortable saying I've generally discovered who was friendly and associated with who, who works under who and who appears to be handling who, in addition, I've watched how the players in the GET Holmseth Eco System interact with each other and where they interact, being Twitter, YouTube comment sections or the live chats in YouTube live streams and eventually Telegram, I've learned a lot including information about peripheral groups, teams or other Networks. I never made it known to any of the Operatives I was watching them closely until about the Fall of 2021, as some of the more severe threats had taken place before the Fall to me personally and I made myself known just after the Operatives involved me in an elaborate, months long, CIA style Psychological Operation, that is also when the direct intimidation and threats became more overt and frankly terrifying. As mentioned, the threats never stop leading right up until present day.

Donald J. Trump, Holmseth and the Putnam County Florida Operation

This group or Network has many other human targets and seem to have connections to other Networks who all seem to be coordinated and collectively

targeting Donald J. Trump and the Trump family, I call them the GET Trump Network which appears to be an even larger Network that encompasses the same players in the group/ Network mentioned above who I call the GET Holmseth Network. Referring to the GET Network encompasses the GET Holmseth and GET Trump Network when I refer to the Get Network. It appears Lin Wood, Michael T. Flynn, David Lester Straight and Juan O' Savin is part of that larger Network targeting Trump. Ultimately after reading this document one may come to the conclusion that to target Christopher Hallett, Randi Lynn Erickson, Timothy Charles Holmseth, Kirk Pendergrass, Field McConnell and Neely Blanchard could be indirectly targeting Donald J. Trump.

The GET Holmseth Network using whom I believe to be an Agent of sorts named Sherry Kathleen Noeller and other Operatives tried to frame and connect Donald J. Trump and his family, father, and sons to "fabricated" rape allegations and tried to implicate the Trump family to International Human Trafficking Operations also "fabricated". Another operation from the same group accuses Trump of having an illegitimate and neglected child now adult woman. One of these extremely elaborate operations involved or used Putnam County officials in Palatka Florida using Putnam County Sheriff's Office, Putnam County Jail also with connections to Kim Picazio the lawyer out of Broward County Florida, it appears the State Attorney's office of RJ Larizza of the Seventh Judicial Circuit might have been used or have had some involvement in operations that intended to severely target Donald J. Trump and his family. The same operation as targeting Donald J. Trump involved a parallel elaborate plan to be used against Timothy Charles Holmseth's Reporting and infamous book In Re: Haleigh Cummings, intending to tarnish and provide alternate theories and suspects to Holmseth's already thoroughly investigated Reports and publications. This massive operation surrounded a fabricated or possibly targeted victim (mother) of a made-up crime or victims of a possible extortion attempt themselves (mother and son). This was an extremely elaborate operation involving even more elaborate CIA style Psychological Operations etc. I became heavily emersed in this operation and I believe I destroyed it from within to the point of rendering the operation in operable. Noeller accused me of "hijacking" the woman they used in the operation from Noeller. I didn't know you could hijack a human being. I am thinking this Operation may have been included under what the GET Holmseth Network called Operation Joint Resolve which was reportedly an extension of Operation Chaos.

There are a couple dozen or more others but this is the core group I tend to keep a closer eye on because they are the most active and overt.

For anyone to totally understand the Neely Blanchard case I feel would be impossible without understanding the players in the GET Holmseth/ GET Trump Network and how they are/ were involved in the lives of Christopher Hallett, Randi Lynn Erickson, Kirk Pendergrass, Field McConnell, Neely Blanchard, Timothy Charles Holmseth and even Donald J. Trump.

A Couple of Agents

This is a good introduction to Agent 19, close colleague, or underling to Kim Picazio, Picazio being a good friend and colleague to Alexandria Goddard, William Kevin Murtaugh and Levi Page among others. In many instances this group doesn't hide their nefarious Gang Stalking type of activities but boast about it. They appear proud of the groups perpetual harassment abilities and access to a Weaponized Judiciary system and Law Enforcement they use to their advantage to target, extort, imprison, and terrorize human beings. Agent 19 had a close focus on Field

McConnell, Christopher Hallett, and Kirk Pendergrass for some time. When this group had Field McConnell arrested using a Weaponized Family Court it shocked McConnell's base. I feel strongly this arrest was used as a warning shot to Christopher Hallett, Kirk Pendergrass, and others to stop reviewing, researching and reporting or else.

October Surprises (The video being perpetually deleted) Reportedly created by Montegraph who worked with Agent 19. This video was reported as Montegraph to Picazio, a video showing some of the back-end deletion of Field McConnell's YouTube show called Able Danger and deletion of McConnell's Able Danger Twitter account along with what appears to be an example of an FBI raid for documents.

Around the same time in 2021 Montegraph had also left me a comment in my YT comment section basically calling me a pedophile and then my comment section was disabled for months so I couldn't even respond to my own YouTube channel's defamatory comment. I tried to report this to various agencies at that time with no luck, nobody wanted to hear about them.

See Norman Grey aka Agent 19, this was almost exactly one year before the Hallett murder,

“We’re dealing with Christopher Edward Hallett”

The Marion County State Attorney's Office

I have what I feel are good reasons and invaluable concerns for bringing to attention this Network in this specific document for The Marion County State Attorney's Office and the information and opinions in this document are limited to present an offering that can be absorbed by the SAO or reader, when in fact the totality of the circumstances and other opinions and concerns I have about this case specifically are vast and need to be purposely omitted because of the length of the document and the amount of information in it and because I am not trying to discuss evidence or the totally unusual many circumstances about the case in this document rather, I am attempting to explain the proximity of a nefarious Network of Operators who were/ are heavily involved in the targeting of Christopher Hallett and his affiliates and the same Network who are creating and populating massive amounts of disinformation content into social media and the media regarding the Neely Blanchard case, this before, during and after the Murder of Hallett. A Network targeting Donald J. Trump, his affiliates and Timothy Charles Holmseth and his affiliates. A Network that has close ties to the mainstream media and alt media.

Many of the players in the GET Network have called me, Holmseth, Erickson, Christopher Hallett, Field McConnell and others pedophiles. An Operator I discuss below named Randy Scott Davis even told people during a recorded Live Stream about the Blanchard case that Christopher Hallett was a pedophile who eats children. To my knowledge and through all my own substantial research exists nothing to prove any of these disparaging accusations to be true, the truth never stops this Network from regurgitating the defamatory claims perpetually. It is a fact that ALL the people listed above are accused pedophiles or are working with or for accused pedophiles or are accused to be implicated in international human trafficking operations or protecting those running trafficking operations, persons involved in high profile missing children's cases, snuff film operations or blackmail operations. I was shocked when they first called me a pedophile as I have zero criminal history nor had any allegations of criminal behavior of any crimes whatsoever in my life and I can only assume based on the information I have and the allegations against many of the Network, this is likely straight up projection as is most of their claims and accusations towards others, projection is a favorite weapon used by this group. The only people I see making fun of eating children or making fun of children rescued from underground bases they call "Mole children" are this GET Network.... One example,

I had seen and even reviewed Holmseth's Reporting regarding the Neely Blanchard/ Christopher Hallett murder case for some time. I read the articles but I never really looked further into the story other than what I read (of which I usually do), I was already immersed in other areas of concern and research, like The Captain Field McConnell situation or a situation out of Ohio involving Alexandria Goddard, I am a business owner and I didn't really have extra time to further research Holmseth's claims or Reporting as I typically would in regards to the Hallett murder/ Blanchard story specifically, and then I did...

04.26.23 for some reason I don't recall what prompted me, I decided to scroll back in MCSO Facebook post to the Hallett Murder/ Blanchard arrest Facebook post. When I looked at the comment section, I was totally shocked, several of the players in the GET Holmseth Eco System dominated the comment section mostly with links, narratives, seemingly disinformation and propaganda were posted by what appeared to be random accounts, not to mention many disparaging comments about Neely Blanchard that seem to be left by accounts that had a lot of information about Blanchard most of which was very negative. I have forensically gone through several of the accounts that commented and supplied links and information to videos published by the GET Holmseth Network. Some of the accounts that posted the many links to the obscure amateur Citizen Journalist, True Crime Reporter type channels such as Murtwitnessone, Glow and Watchman appear to be fake accounts or what are called Sock Puppet accounts known as Socks.

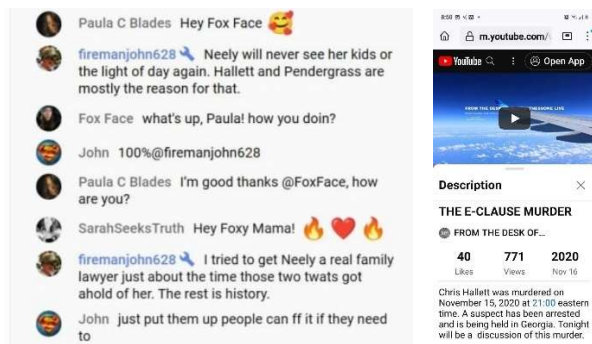

After the MCSO Facebook finding I started reviewing footage and material near daily and I discovered information that is disturbing and concerning at the level of involvement and the knowledge of information of the Hallett murder by the nefarious GET Holmseth Operatives, before, during and after the Christopher Hallett murder. I had heard them talking about Hallett, Pendergrass and Blanchard over the years, I just never got into why or how involved they were.

Marion county Facebook comment section on the Neely Blanchard arrest and the murder of Christopher Hallett:

<https://m.facebook.com/mcsoflorida/photos/a.626262147394397/3665455530141695/?type=3>

I can't accept it be coincidental that posted in the MCSO Facebook comment section are links to lengthy videos William Kevin Murtaugh (Murtwitnessone) and Randy Scott Davis "The Watchman" (now RevItUp) had compiled and were posted. Murtaugh and Davis had compiled hours long interviews with others discussing the Hallett Murder/ Blanchard case and in Murtaugh's case his initial hours long video interview between Murtaugh and John Taylor was launched 11.16.20 only the day after Hallett's murder, reportedly a murder that occurred at 9 PM the previous evening. John Taylor eluded and portrayed himself to be friendly with Blanchard, Taylor stated he knew Blanchard and even tried to help her source a real family lawyer at one point, the trouble here is that John Taylor and his wife seem to be working with Murtaugh or aligned with Murtaugh, Craig Sawyer and the whole

Picazio crew (GET Holmseth Network) and all of them HATE Holmseth, Erickson, Pendergrass, Hallett and E-Clause and anything having to do with them. I am not sure of the status in 2020 but John Taylor is currently a chat moderator for Murtwitmessone, of Murtaugh's YouTube channel under the handle firemanjohn628.

John Taylor aka firemanjohn628: "Neely will never see her kids or the light of day again. Hallett and Pendergrass are mostly the reason for that."

John Taylor interviewed, and it appears was briefly involved with the late Isaac Kappy (Now deceased reportedly by suicide), It is widely speculated that Kappy was murdered by members of a high-level, far reaching, elite network called "The Order", some have speculated former Navy Seal Craig Sawyer was somehow involved in Kappy's murder. Nobody believes Kappy killed himself because of a series of disturbing videos Kappy put out only days before his untimely death, one of which Kappy even claimed he wasn't suicidal. Isaac Kappy was a big fan of Timothy Charles Holmseth and Kappy had Holmseth on one of his livestreams for what appears to be only months before his untimely death in 2019. John Taylor and William Kevin Murtaugh have close connections to Kim Picazio and the rest of the GET Holmseth group including Craig Sawyer.

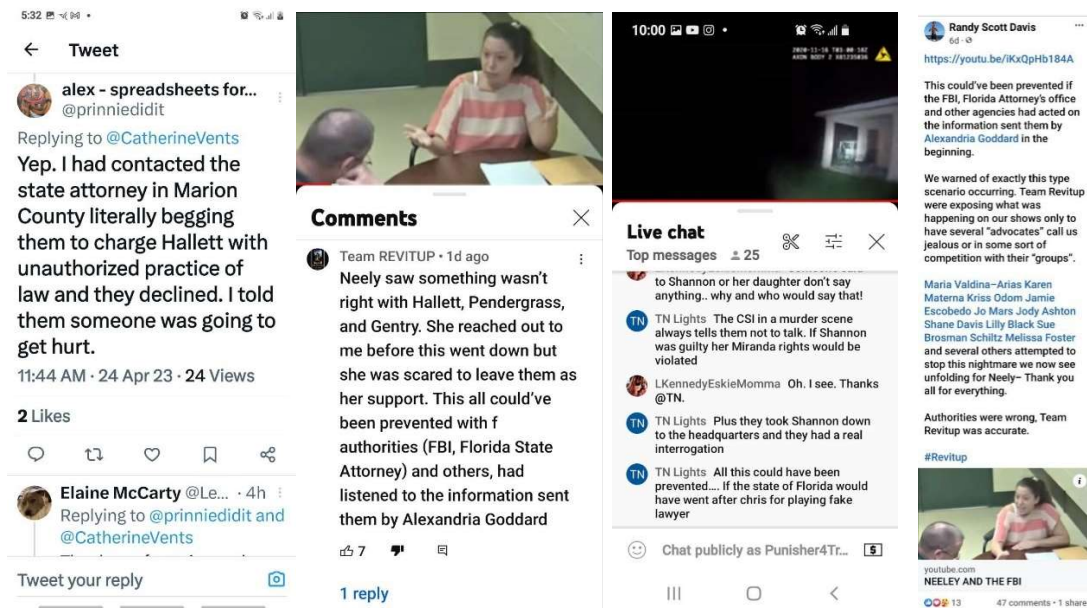

Some call that Craig Sawyer Twitter post tagging the FBI above a hit list. Lewis Arthur, Timothy Holmseth, Fiona Barnett, Isaac Kappy, Field McConnell, Preacher Dan are the faces I recognize here and all are targeted by Craig Sawyer or infiltrated and relentlessly targeted by the GET Holmseth Network.

Investigative Journalist Timothy Charles Holmseth is intimating and reporting that Alexandria Goddard, William Kevin Murtaugh and John Taylor may have some involvement or connections to the double homicide of two young girls out of Delphi Indiana, perhaps in the snuff film realm.

Randi Davis speaks of Alexandria Goddard frequently as he has also mentioned Kim Picazio in at least one live show (shows mostly deleted). Davis made a comment he hoped Goddard and Picazio would be ok with or agree that he put out specific information in his YouTube or Facebook Live, it sounds like the trio or at least two of them had collaborated on information regarding Hallett, Blanchard, Pendergrass, Holmseth, and Erickson at least. Davis seems to hold Goddard in high regard and repeatedly (as others do) makes the claim that if the SAO of Marion County had listened to Alexandria Goddard's warnings this could have all been prevented, (meaning the Hallett murder) this almost as if it was a written by script as I have seen Davis regurgitate this statement several times in my short review of the situation, Goddard and others continuously make the same type of statement. Frequently I hear or see Davis making statements that show he knows far less about many of the ongoing situations involving the details of some the players involved yet he acts like an authority on the subject, I don't believe he knows as much as he portrays to know specifically about Holmseth and Erickson, who they are and the long history behind Holmseth's story. It appears to me Davis's focus was Blanchard, Hallett and Pendergrass. Davis uses many Alexandria Goddard style talking points about Holmseth and Erickson. Davis has made atrocious allegations against Pendergrass, Hallett, and Blanchard, many of those videos saved and re-posted by the Glow Bitchute and YouTube channels.

It is no secret Alexandria Goddard is an Agent of and friend to Kim Picazio and Picazio along with Goddard had no love for Christopher Hallett even going as far as to compile what appears to be an extensive complaint to the Florida Bar and State Attorney or possibly Attorney General (including exhibits) condemning Hallett for practicing law in the State of Florida, ironically, the complaint written by Goddard herself who isn't a BAR lawyer and lives in the State of Ohio. To present day Goddard appears incensed the SAO in Marion County didn't listen to her repeated attempts warning the government about the "dangers" of Hallett or they didn't somehow deal with the situation, Goddard and others repeatedly making (before the Hallett murder) catastrophic predictions like "someone was going to get hurt" etc. I have alternate theories on why Goddard would be doing this.

Some quick examples of talking point type statements below:

TN Lights: All this could have been prevented.....

Randy Davis: This could have been prevented if.....

Randy Davis: She reached out to me before this went down but she was scared to leave them as her support..... This all could've been prevented ...

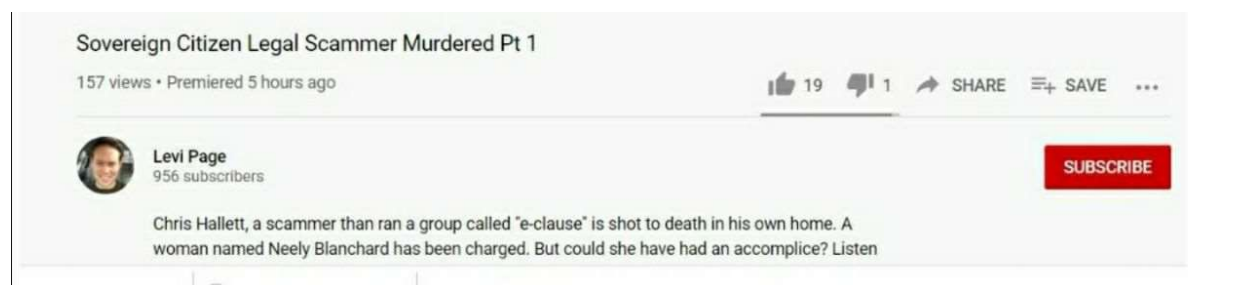

Goddard: I told them someone was going to get hurt...

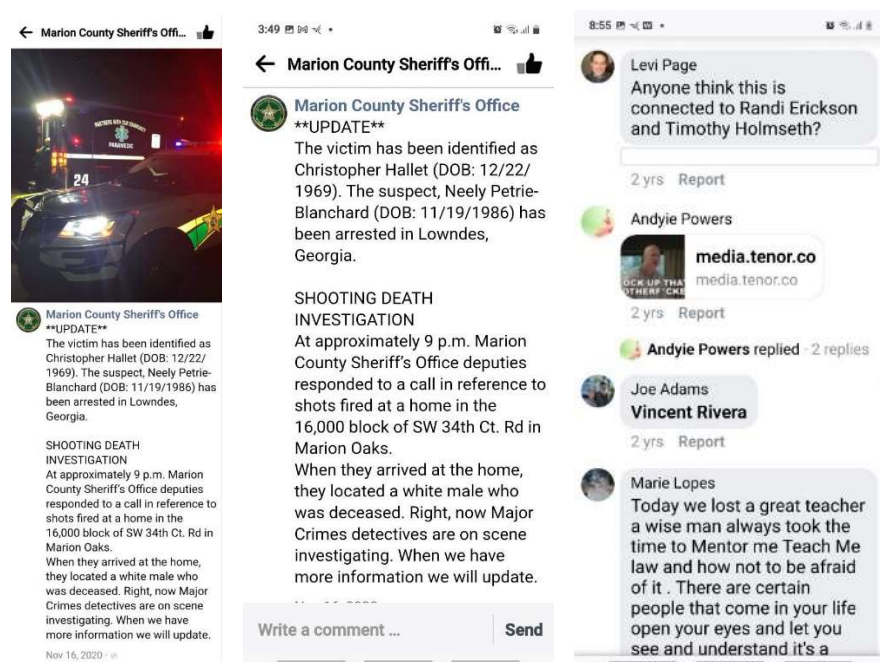

I have so much I could say about Randi Davis and the bizarre hours long recordings he did with others over what appears to be two days, this regarding the Hallett Blanchard case that as far as I can source was published beginning 11.22.2020. Davis interviews Ronnie Knowles, Davis provides a play by play of Neely's steps after the murder that involve Neely driving to Pensacola to see her husband. Most of the original copies of the Randi Davis interviews were deleted from the internet as far as I can tell, possibly within a Facebook deletion or possibly on purpose, I'm not sure.

Again, there is so much to be said about the Facebook comment section under the Marion County Facebook post and the accounts that posted quite malicious content about Blanchard, Pendergrass and Hallett and accounts that supplied links that connect to William Kevin Murtaugh and Randy Davis along with the Glow Bitchute Channel. As mentioned, Levi Page is very good friends with Alexandria Goddard and Kim Picazio and Levi is an Admin or chat moderator for Murtaugh's YouTube Livestreams at Murtwitmessone. Levi, Kim Picazio and Alexandria Goddard have close connections to HLN and Nancy Grace.

Levi Page is a core member of this Picazio crew / GET Holmseth Network and Levi hates Holmseth, Erickson, Pendergrass, Hallett, McConnell, and affiliates.

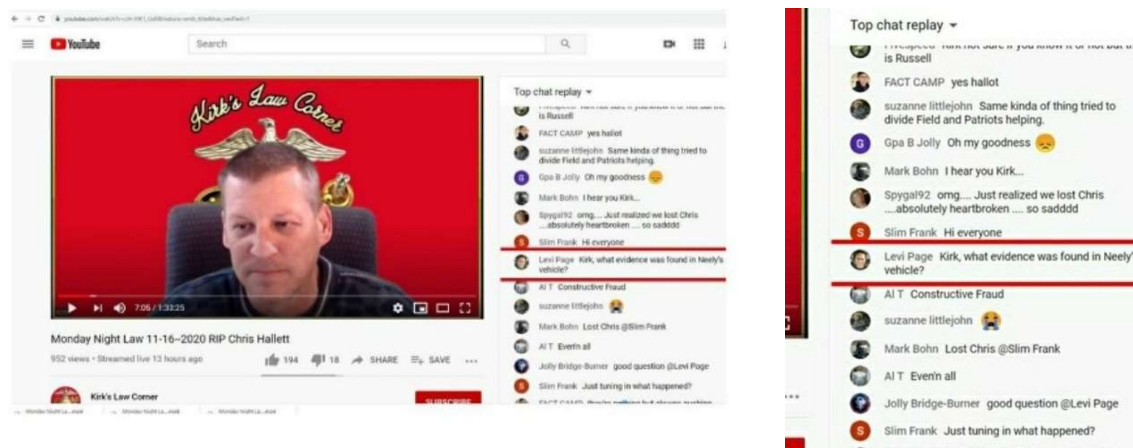

It is not surprising for me to see Levi make negative comments about Hallett after his murder however, Levi a supposed "True Crime Journalist" even went as far as to post in the MCSO FB comment section...

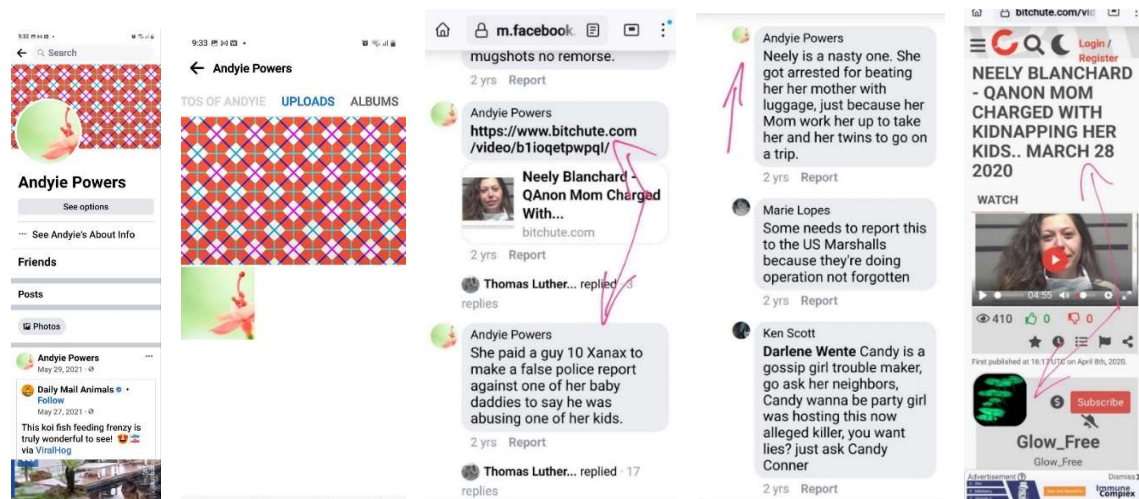

Stranger than the MCSO FB comment by Page is what he said the day after the Hallett murder. Review the comment section published by Kirk Pendergrass in a chat in YouTube meant to be mourning the loss of Christopher Hallett.

11.16.20 RIP Chris Hallett... (Levi made a comment a day after the Hallett Murder)

Levi Page: Kirk, what evidence was found in Neely's vehicle?

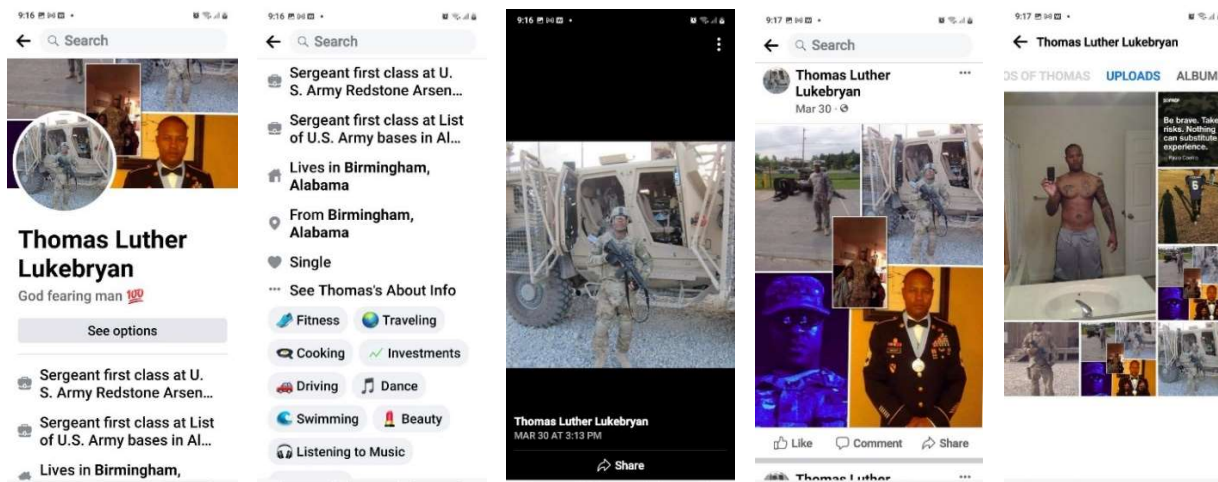

More unusual anomalies, comments and links posted in the MCSO Facebook comment section...

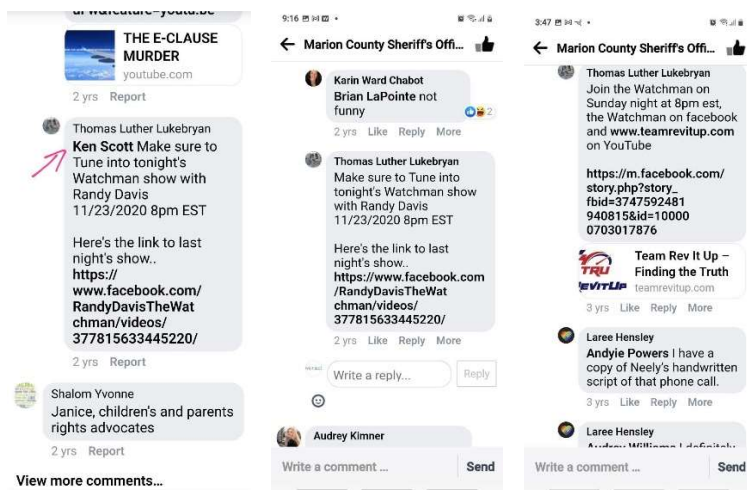

The Andyie Powers account looks like a possible fake account or a Sock. The account is not very populated and has been dormant since 2021. The Andyie Powers account published at least one link to the obscure Glow_Free Bitchute channel and numerous other links and content that is all negative about Neely Blanchard. Andyie Powers was one of the most active among a few other accounts in the MCSO comment section.

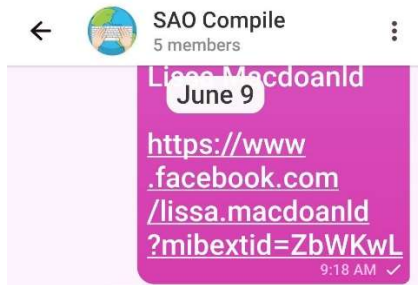

Another unusual account appears to be named Thomas Luther Lukebryan. This account posted so many links for people to join the Watchman Facebook account or presumably join the live stream Davis did over two days about Blanchard, Hallett, Holmseth, Pendergrass and Erickson.

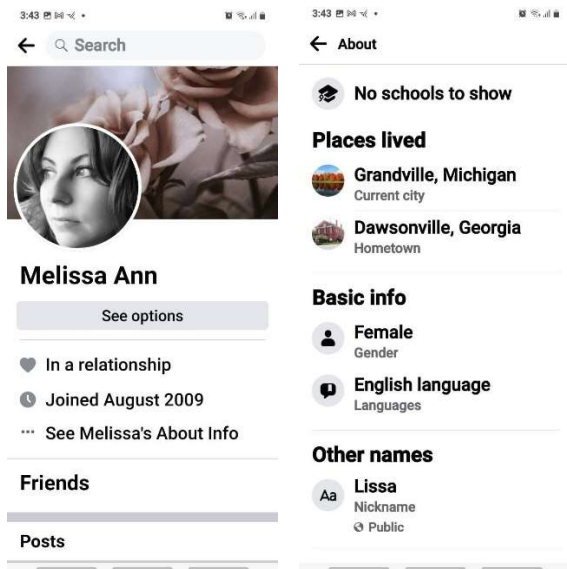

Example:

Problem is I don't think the account is an actual military guy. I can't tell if this account was changed after the MCSO FB comments or at a later date, however, the URL link for the account is named "lissa.macdoanld" Who's name resembles Lissa Macdoanld?

Note Randy Davis's girlfriend "Melissa Ann" and her nickname or "other name" Lissa

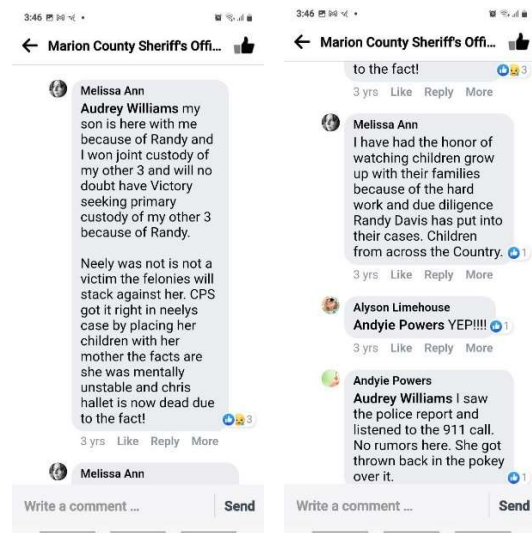

It appears her last name is Macdonald too. Very close to the account driving traffic to the Watchman show.

It appears Melissa Ann or Lissa Macdonald was using two accounts to populate the MCSO Facebook comment section, her Melissa Ann account, and the Lissa McDoanld account.

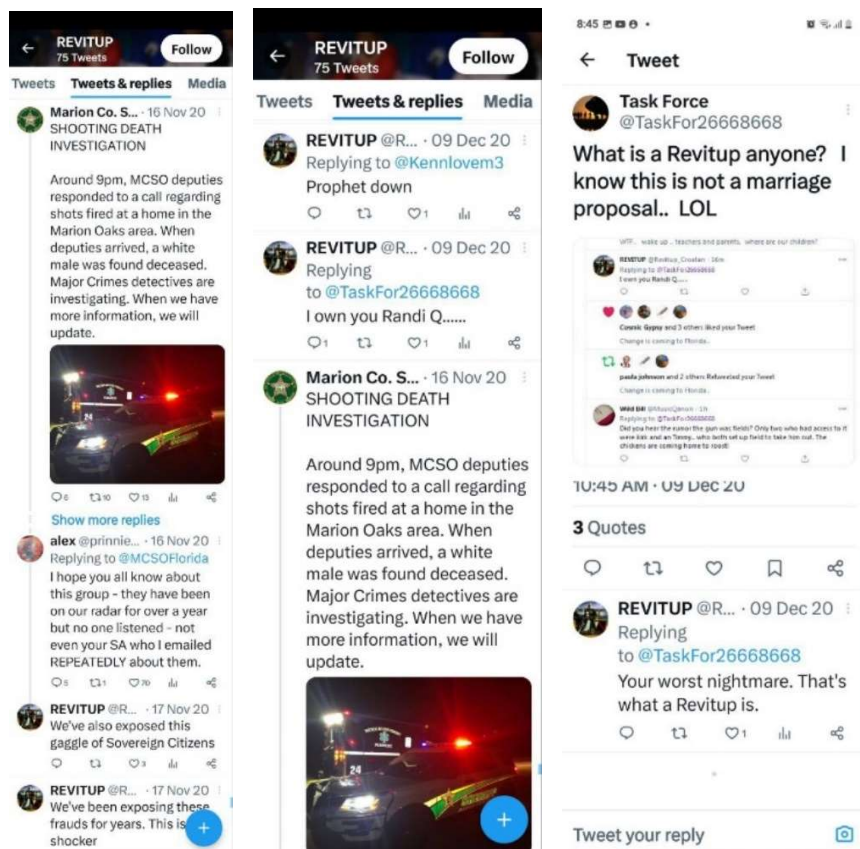

Very typical of these groups to have the people who had “their children saved” close to the hero, in this case Randy Davis.

As mentioned, I analyzed several accounts who commented and there are more accounts that appear to be manufactured fake accounts or socks within the comment section.

Very telling that Randy’s girlfriend was very active along with the Andiye Powers account. Randy Davis and Alexandria Goddard hate Randi Lynn Erickson, Hallett, Holmseth and Pendergrass.

Below are Davis and Goddard in Twitter brazenly posting to MCSO. You can also see Randy Davis talking to The Task Force Twitter account (Believed to be Randi Erickson, Timothy Charles Holmseth, or a close colleague) They call Randi Lynn Erickson, Randi Q Erickson or Randi Q and that is Davis telling “Randi Q” he owns her and that RevItUp is her worst nightmare and also saying “prophet down” (talking to the Task Force account).

Looks like Randy Davis might have some connections to the Black Panthers and Paula C. Blades using Wikipedia connected the Black Panthers as being targeted by the FBI's COINTEL PRO, now Paula posted all that back when Paula C. Blades was attempting to infiltrate Holmseth, Erickson and the Task Force they are in. Like many opinions and positions that may have changed by now Paula's infiltration attempt was short lived and she is now working visibly hard for the GET Network seemingly around the clock. Paula claims she worked with contacts at The National Security Agency, Five Eyes Intelligence, and with General Michael Flynn.

COINTEL PRO (abbreviation derived from Counterintelligence Program) COINTEL PRO was conducted by the United States Federal Bureau of Investigation and although the FBI claims it dismantled the covert, illegal program decades ago many of the GET Operatives/ Agents appear to have COINTEL PRO style training.

Really ironic to me that Davis might have Black Panther or Black Power affiliates or connections who were supposedly infiltrated by the FBI's COINTEL PRO Agents, as it is uncanny the tactics, I see so rife in the GET Holmseth Network including Randi Davis are identical to COINTEL PRO operations and Operators. Surveilling, infiltrating, discrediting, and disrupting... Covert campaigns to publicly discredit activists and destroy their interpersonal relationships were common tactics used by COINTEL PRO agents.

I will post a portion of Wikipedia's outline here:

<https://en.m.wikipedia.org/wiki/COINTELPRO>

The FBI has used covert operations against domestic political groups since its inception; however, covert operations under the official COINTELPRO label took place between 1956 and 1971. Many of the tactics used in COINTELPRO are alleged to have seen continued use including; discrediting targets through psychological warfare; smearing individuals and groups using forged documents and by planting false reports in the media; harassment; wrongful imprisonment; illegal violence; and assassination. According to a Senate report, the FBI's motivation was "protecting national security, preventing violence, and maintaining the existing social and political order".

The Final Report of the Select Committee castigated the conduct of the intelligence community in its domestic operations (including COINTELPRO) in no uncertain terms:

The Committee finds that the domestic activities of the intelligence community at times violated specific statutory prohibitions and infringed the constitutional rights of American citizens. The legal questions involved in intelligence programs were often not considered. On other occasions, they were intentionally

disregarded in the belief that because the programs served the "national security" the law did not apply. While intelligence officers on occasion failed to disclose to their superiors programs which were illegal or of questionable legality, the Committee finds that the most serious breaches of duty were those of senior officials, who were responsible for controlling intelligence activities and generally failed to assure compliance with the law. Many of the techniques used would be intolerable in a democratic society even if all of the targets had been involved in violent activity, but COINTELPRO went far beyond that ... the Bureau conducted a sophisticated vigilante operation aimed squarely at preventing the exercise of First Amendment rights of speech and association, on the theory that preventing the growth of dangerous groups and the propagation of dangerous ideas would protect the national security and deter violence.

I literally couldn't come up with a better general outline for the GET Network if I tried only, in this instance the dangerous group, ideas and threat to National Security happens to be the Truth, Holmseth, Hallett, Erickson, Pendergrass, Blanchard and McConnell knew the truth. That is how it appears to me.

See the tweet below, Goddard and the Glow channel were keeping tabs on Neely Blanchard well before the murder.

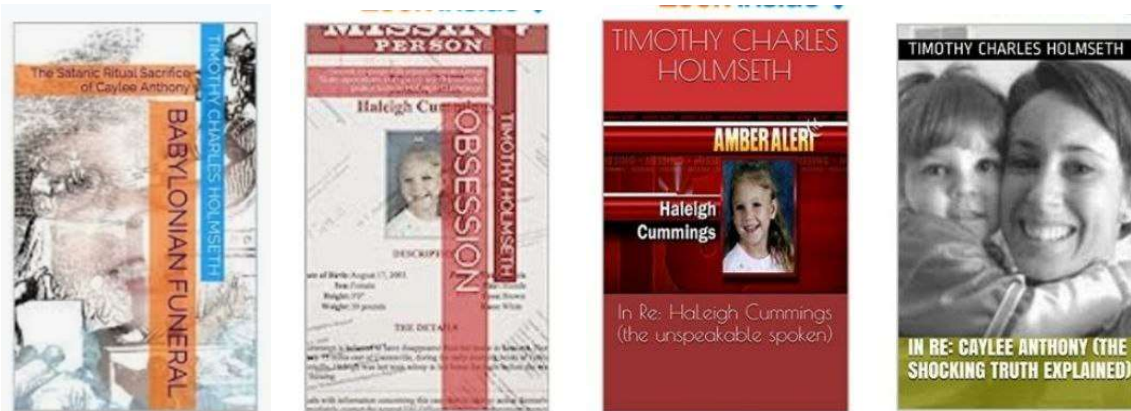

This entire group brag and boasts endlessly about their connections to an untouchable network, the FBI, the "Deep State", Law Enforcement, Prosecutors etc. Some of them act more like outsourced or contracted CIA "Agents/ Operatives", not actual Officers employed by the government, but operatives contracted outside the government by the FBI or CIA such as independent contractors. Independent contractors or informants can be an avenue for intelligence and Law Enforcement to usurp the Constitution while keeping the agency's Agents, Officers and employees legitimate.

William Kevin Murtaugh posts that he meets or has met with the FBI for several hours and on at least two occasions he made his FBI visit public on his pretend news show Murtwitmessone. Murtaugh claimed to form an alliance of sorts with the FBI from Minnesota, launching something Murtaugh called Operation Chaos or the Chaos project. Murtaugh has made several threats to me. I think the last one was that if myself or Holmseth ever go to the State of Florida we would be leaving in a body bag. I have a copy of this recording and it is preserved.

Ashley Cooper Brown friend to Alexandria Goddard and probable colleague also told others she met with the Minnesota FBI, Cooper Brown claims to have FBI friends and has a lot of knowledge about intelligence type logistics. Kim Picazio and Craig Sawyer share a mutual colleague Bob Hamer or possibly John Regan who reportedly boasted he was not only FBI but also CIA, it does appear plausible to me he is CIA acting like FBI. Allegedly John Regan faked his own death and re-emerged as Bob Hamer (reportedly a common tactic of the Network) this was after Holmseth published Regan's picture and information about him connected to international baby sales involving Kim Picazio. Holmseth recorded an informant detailing Regan and Picazio's involvement in what is now considered Holmseth's infamous banned book In Re: Haleigh Cummings, Kim Picazio was also photographed with John Regan's son Jeramiah Regan in the book, a book that eventually, Picazio managed to have banned indefinitely using a Weaponized Broward County Family Court. The informant is dead and appears she was tormented for years before her death.

Beyond Holmseth's in-depth Investigative Journalism and reporting, he is an author writing several books where he details his investigative findings about high profile missing children's cases. In addition to the books below Holmseth investigated the JonBenet Ramsey case independently, Holmseth then narrated a compelling documentary detailing his findings in the case. Among others Holmseth connected Dale Ellis Bennett (Montegraph) to the JonBenet Ramsey murder, additionally Holmseth may have discovered FBI corruption and a major cover up in the case by many parties including John Ramsey the father of JonBenet Ramsey. Lin Wood was the lawyer for the family.

Craig Sawyer has referred to himself as a Federal Law Enforcement Officer and at one point he did appear to be working very closely with a local Law Enforcement agency, yet once it was made public by Holmseth Reporting that Sawyer was working with specific local Law Enforcement Sawyer back peddled and said he was on a ride along. It is widely known that Sawyer was security or a bodyguard for Hilary Clinton even though Sawyer denies this and the information linking Sawyer to this claim was scrubbed from the entire internet including Wikipedia and Military Wiki. Sawyer claims he was a Navy Seal on Seal Team One and Seal Team Six and Sawyer was also a United States Marine although there is some confusion on how many years exist in his lifetime.

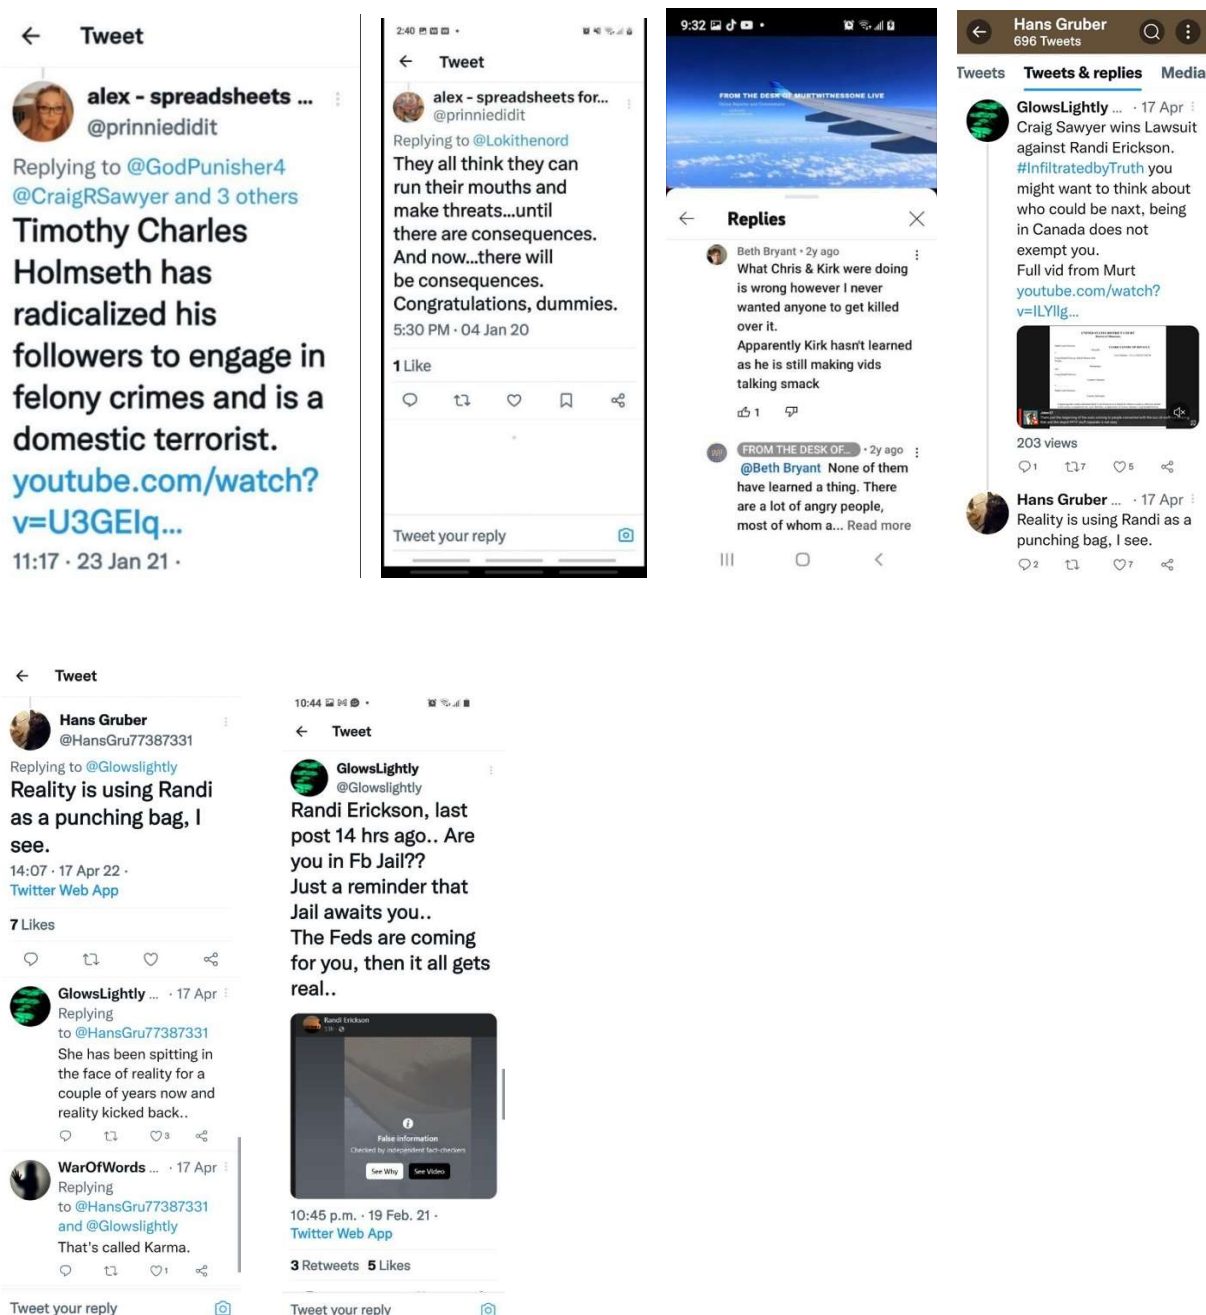

Goddard brags she has a large Network and friends that work for the Martins Ferry Police Department, Goddard calls one of the Belmont County Prosecutors "my prosecutor". Clearly Goddard has very close relationships within Martins Ferry Police

Department and seemingly persons within the prosecutor's office in The Belmont County Court house. August of 2022, I called Goddard's local police department trying to report important circumstances regarding Goddard's unsolicited correspondence to me via my company email and later extortion attempts by Goddard, witnessed, documented, and recorded during one of Murtwitnessone's pretend news shows Murtaugh calls Murtathons. I feel Goddard retaliated against me for calling "her" police department and Goddard even knew of circumstances of one of my calls. Around the same time frame as my calls to Toronto Police about Goddard, Murtaugh taunted me that nobody (including Toronto Police Services) would be taking my report about Goddard and guess what? The report vanished, and to this day I can't source the report even though I was given a report number by dispatch after the fact, even though I was told it was escalated to an Investigator, even though I recorded the encounter with Toronto Police officers who took the report, POOF! No report... I am now working with FOI to try and source the report a Sargent told me doesn't exist. Craig Sawyer along with this groups nefarious anonymous accounts have also made predictions about what law enforcement will and will not do at a future date. Agent 19 and Goddard have both taunted me by stating they obtained and will publish my medical records; I do believe they have my medical records or portions of my medical records at least based on what Goddard jokes about and makes public about specifics that could be in what are supposed to be my PIPEPA compliant Canadian medical records. Goddard has taunted me live on Murtaugh's Murtathon several times, I feel the threat to release my medical records was an attempt to try to silence me from speaking about the knowledge and understanding I have about the nefarious GET Network in which they all operate and to intimidate me further into not supporting Holmseth and stopping my research and reporting to Law Enforcement agencies and Task Force's.

This group uses social media to threaten many people. Persons who aren't aware of the full picture might see this as it appears to be regular back and forth banter at times or juvenile and trolling, reality? serious threats are being issued. I wish I could not take their threats seriously, unfortunately this group does seem to be able to follow through with many threats, get away with criminal behavior, they do seem to be untouchable, and they do seem to have leverage over Law Enforcement, Judicial Officials, Lawyers and even Psychologists for example. It appears to me and countless others watching this Network uses the court system and Law Enforcement as a weapon against people who they feel are their opponents or people they need to stop from researching or investigating more about who they are or persons who have knowledge of their connections and activities etc. and or persons who have a means or fortitude to try to expose their criminal apparatus, structure, intentions or Agents. Alexandria Goddard and her colleagues or their Anonymous accounts are regularly telling people to have Holmseth, Erickson and others charged and are also making the claims people will be charged, this even simply for speaking about the Network or specific members online more or less. Goddard even told a Moderator/Admin from my own Telegram

channel (whom I don't even know personally) that he can be charged and brought before a Judge in Belmont County if he doesn't stop talking about her. These numerous threats and extortion attempts have been recorded and preserved.

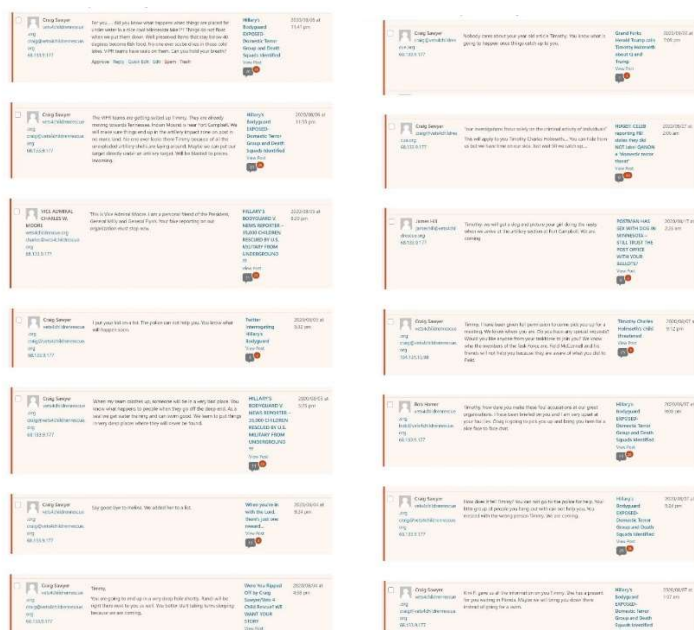

Just over two months before Christopher Hallett's murder, former colleague, and I think friend Randi Lynn Erickson reportedly alerted authorities to serious threats for the safety of her family, specifically Investigator Christopher Beck from Anoka County Sheriff's Office. Reportedly during extensive contact with Anoka, Erickson

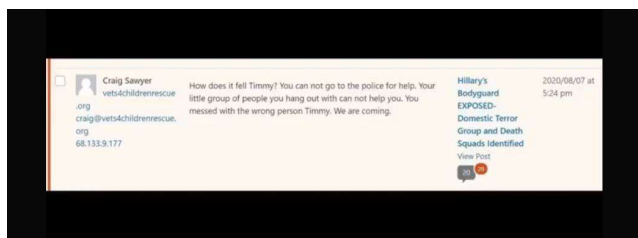

had made it clear that Holmseth was not at her home. I am not certain of the time frame, but threats are also on record with Sheriff Mike Gormley at the Faribault County Sheriff's Office where someone had threatened to kill Holmseth's parents for what is reported to be the assumption or idea attempting to force Holmseth out into the open should Holmseth have attended his parents' funeral. During this time frame an anonymous account had pulled a vile prank on Holmseth and Erickson by telling them the Network had one of their grandchildren was in their possession. I believe this was all part of what Murtaugh and (according to Murtaugh) the Agents within the Minneapolis FBI had termed "Operation Chaos".

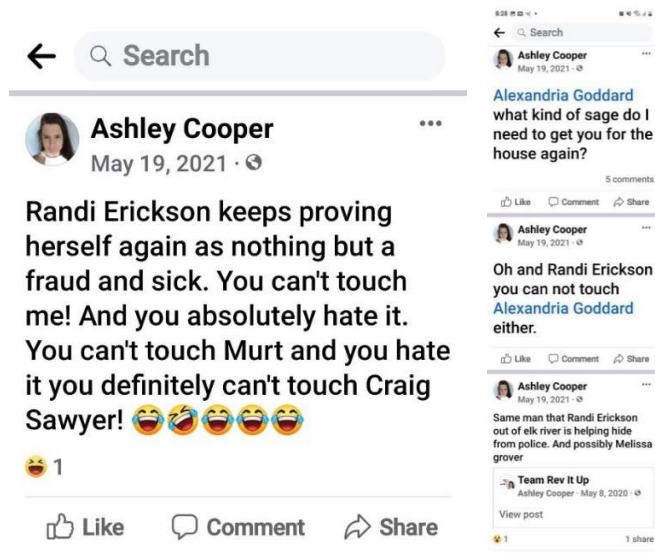

August and September 2020 Holmseth published numerous email death type and extortion type threats, the threats appeared to come mostly from Craig Sawyer and some from his high-ranking Military and Intelligence colleagues mostly from within the Save the Children style front operation they call Vets for Child Rescue.

08.07.20 In this email threat below, I believe "your little group" Craig Sawyer is referring to would be Holmseth along with Kirk Pendergrass, Christopher Hallett and Randi Lynn Erickson. I also believe the reason Sawyer said they won't be able to help Holmseth would be because it was planned, they would all be under siege by way of FBI/CIA style operations under Operation Chaos executed by the GET Holmseth/ GET Trump Network I write about here in this document. Any persons under Psychological Operations and real-world CIA/FBI operations likely wouldn't even be able to help themselves, let alone help Holmseth... The operations are designed to inflict chaos, confusion, psychosis, destruction and even death, that is exactly what happened to this entire little group commonly referred to as "The Pentagon Pedophile Task Force" also know as The PPTF. Psychological Operations are so effective most people cannot even identify they are under an operation or are being used within an operation.

Randi Lynn Ericksons Family home was reported to have been swatted on two occasions by Anoka County Sheriff's Office, the same office Erickson had previously engaged with in her effort to protect her family. It appears Ashley Cooper Brown made at least one of the false reports around or on 04.05.21, I'm not entirely certain who made an earlier swatting attempt call to Anoka County Sheriff's Office, it does appear plausible Cooper Brown made both calls.

This recording of Ashley Cooper Brown calling Anoka County Sheriff's Office in Minnesota, looks to have been saved 04.05.21. It appears Ericksons home was swatted the same day. The file name is Ashley Audio Call #2 4/5/21 19:04 5:58. This call appears published by Page and Goddard's "Crime Show" 04.07.21 and it looks like the Glow channel did a segment on the 04.05.21 swatting published 04.06.21., It appears both Levi and Glow published Ashley's call within 24 and 48 hours of the incident, but the Glow channel published the material from Levi's show before Levi published it to his own channel. That is what it looks based on the dates the videos were published.

04.05.21 Cooper Brown calls the Anoka County Sheriff's Office saying she got word on the whereabouts of Timothy Charles Holmseth stating he had a bench warrant and Cooper Brown specifically states it must be the Sheriff's Office not the Police that handle it because of the address, Cooper Brown stated, it's complicated.

Here are some statements Cooper Brown made during that call:

"It is a bench warrant it is a misdemeanor not a felony, it's a contempt of court for harassment and restraining violation."

"This guy is fairly dangerous"

"This is a guy that has been getting people shot and killed"

"I wish I could go into more details"

"This guy has a lot of followers"

"He has parents stealing their kids from child protective services using the internet."

"He is very mentally unstable, and he is going to snap soon"

Cooper Brown goes on to provide Holmseth's full name and birthdate along with a warrant number.

Levi Page and The Glow channel publish Randi Lynn Erickson's home address in the recorded call.

Someone had a sighting and they called Ashley Cooper Brown.

"When I called before it was felonies only and it's not a felony just yet"

"but he does have, his court date was I believe, um the misdemeanor was on February 25th for two of em one was contempt of court, with disobedience to court and then the second one was harassment restraining order violating those of temporary or restraining order, and this is just the tip of the iceberg for this man he hasn't been caught with the other stuff but it's, he's very off his rocker he's telling people he works for the Pentagon Pedophile Task Force and these parents are believing him and he's the reason behind one of these people getting shot and killed because of this stuff".

"he actually hurt two of my very close friends with this garbage that he spews out",

"and he got another ex friend of mine shot and killed, because he's tellin em I'm working on your child protective custody case, if your look up Neely Blanchard he's the one behind it he's staying at this woman's house Randi Erickson"

"He's staying at this woman's house"

Officer: "and it looks like is going this is going to be a warrant from Polk County Sheriff's Office",

Cooper Brown: Correct

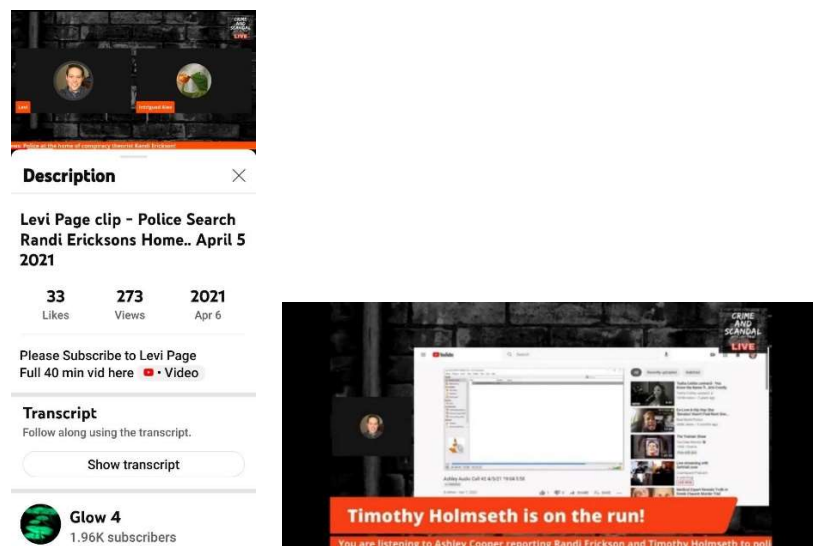

Officer: "so here's what I will do is, I will uh, hanging up with you I am gonna have my dispatcher confirm that this warrant is good to go and then the question is which becomes if Polk County will take him, he's obviously, he's in Anoka County but if were gonna take him on a Polk county warrant but we have to confirm that they will take him from our jail at some point, if they aren't going to take him then I won't be able to go and pick him up as much as it sounds like I would like to from what your telling me, I have to go off what Polk County will and wont take"

Cooper Brown: "And let them know if they do take him, let them know to be very, very, very careful I mean it this guy is, just be very careful please"

Officer: Do you know what this address is to him?

Cooper Brown: "This is to the woman that's been hiding him, she's been aiding and abetting him, and the warrant is only to execute in Minnesota only and this woman has been buying him and keeping him afloat with money and funding that they scam off these parents, that is how deep this goes".

I can only extrapolate Cooper Browns definition of "hurting her close friends" translated could be Timothy Charles Holmseth the "Investigative Journalist" writing then publishing Journalistic Investigative type reports about the very Organized Crime Network (GET Holmseth, GET Trump Network) I'm explaining elements of here in this document, a closely knit group involving Cooper Brown herself and that of her friends/colleagues Alexandria Goddard, presumably Craig Sawyer, William K Murtaugh, Levi Page, Kim Picazio and many others already mentioned.

Cooper Brown is completely fabricating her knowledge of anything Holmseth related. Cooper Brown is lying and deceiving the Law Enforcement officer throughout the entire phone call and with ease, not to mention Holmseth wasn't even at the Erickson home either time Law Enforcement were sent to the Erickson home. Reportedly the only person the police encountered was Randi's husband Brian Erickson. Suddenly, Brian Erickson is reportedly very ill suffering from an extremely rare form of cancer yet, that didn't detour William Kevin Murtaugh from falsely reporting on one of his Murtathons 02.11.23 that there was an emergency at the Erickson home, and he believed Holmseth was present, again Holmseth published he was not at the Erickson home.

The question for me is why are Cooper Brown, Goddard, Page and others so eager to intertwine and involve Holmseth and Erickson to the Hallett murder? why didn't the officer ask Cooper Brown who gave her the information or how Holmseth hurt her good friends? Could any normal person so brazenly tell multiple lies to authorities, and not only to local Law Enforcement but it appears Cooper Brown would also go on to report other manufactured circumstances/ crimes to the FBI in Minneapolis about Randi Lynn Erickson and possibly Timothy Charles Holmseth, two people who by all accounts appear to be on a Task Force with Christopher Hallett and Kirk Pendergrass.

Let's talk about the facts and let's hear it from Holmseth Reports. I decided to add the following information from Timothy Charles Holmseth Reporting™, below are excerpts in one of his reports or articles dated June 22, 2021, from my perspective, Holmseth Reports is setting the record straight to Ashley Cooper Browns numerous false allegations, defamatory statements and misleading propaganda about Holmseth and Erickson. The title of the article:

“Execution waiting to happen” – more death threats against publisher who initiated military investigation into Hillary Clinton’s former personal bodyguard

Timothy Holmseth June 22, 2021

<https://timothycharlesholmseth.com/execution-waiting-to-happen-more-death-threats-against-publisher-who-initiated-military-investigation-into-hillary-clintons-former-personal-bodyguard/>

Erickson, the publisher who initiated the CID investigation at Fort Campbell, Kentucky, after receiving kidnap, rape, torture, and death threats from Hillary’s former body guard Craig (Sawman) Sawyer, founder of the fraudulent Arizona-based Veterans For Child Rescue Inc, has been threatened with “execution” again!

Yesterday, Ashely Cooper, Two Harbors, Minnesota, appeared as a guest on the You Tube program hosted by William K. Murtaugh, Apopka, Florida. Cooper said Randi L. Erickson is an “execution waiting to happen”.

Cooper said Craig Sawyer isn’t somebody you want to mess with.

NOTE: *Randi Erickson, 61, is a licensed Broker in Florida; a licensed abstractor in Minnesota; a former elected official in Minnesota; and a Truth and Taxation judge. Erickson has no criminal history. Erickson is regularly required to pass FBI background checks, which she did again just a few weeks ago. Erickson has never met Cooper in her life and would not know Cooper if she met her on the street.*

Beginning in 2020, and on at least two occasions, Anoka County deputies, who, according to powerful evidence, were working in tandem with agents of an Arizona based non-profit organization called Veterans For Child Rescue Inc., when they approached the Erickson home in search of Timothy Charles Holmseth.

Craig Sawyer, CEO, V4CR, has threatened, via a myriad of interstate electronic communications, to torture and murder both Timothy Holmseth and Randi Erickson. Sawyer predicted the Sheriff's activities when he warned Holmseth that his VIPR teams (Veterans Investigating Pedophile Rings) were coming to get Holmseth and they would be filming the event. Sawyer told Holmseth he would be taking Holmseth to Florida against his will.

***Timothy Holmseth**, 52, Minnesota, is an FBI witness in a national profile kidnapping case connected to Jeffrey Epstein and THE CIA FINDERS CULT, as well as being an award-winning news reporter who reports exclusively for the PPTF.*

Holmseth is one hundred percent mentally stable, was deemed a credible witness by the FBI, and passed a federal background check performed by the United States Department of Agriculture which gave Holmseth access to enter the secure areas of a locked federal facility where he worked.

When Cooper said Holmseth was getting people shot and killed, she was referring to the murder of Congressional Defense Contractor Christopher E. Hallett, who was murdered in his Ocala, Florida home in November of 2020, shortly after filing documents regarding international human trafficking in the United States District Court. Hallett had obtained a plethora of information and evidence from Holmseth. The court files vanished after Hallett's murder but a receipt proves the filing was made.

The Polk County misdemeanor warrant was issued after Holmseth failed to appear for a Soviet style trial where he was charged by the East Grand Forks, Minnesota police with the supposed 'crime' of reporting news on the Web (news connected to Jeffrey Epstein, Ukraine, Pence, etc).

*According to the East Grand Forks Police they were enforcing a Florida court order. The EGFPD charged that Holmseth violated a (fraudulently obtained) domestic violence court order called an "INJUNCTION FOR PROTECTION AGAINST REPEAT VIOLENCE" that was issued in 2011 by an administrator of a **Family Court** in **Broward County, Florida**, which had been requested by someone Holmseth (Minnesota resident) had never even met, **(THE NAME WAS OMITTED IN THIS ARTICLE AND IS IN REFERENCE TO KIM LOWRY PICAZIO)** but rather, had interviewed telephonically, and, via email, about a kidnapping case. Florida statute requires a domestic relationship between the Parties for the Family Court to have jurisdiction.*

The Florida court order, which clearly states in the Order itself that it is only valid in Florida, declared Holmseth was required to retroactively remove content he reported about the Petitioner, **(KIM L. PICAZIO)** and could never again make a direct or in-direct reference about the Petitioner via electronic communications, ever. Holmseth never met the Petitioner and had never even been investigated, much less charged, by any law enforcement, anywhere, ever, with a crime of violence against the Petitioner.

Holmseth was charged in Minnesota with making an "in-direct" reference to a specific person, **(KIM L. PICAZIO)** which violated the Florida Family Court order (which had never been filed with the Minnesota Attorney General's Office). The City of East Grand Forks said Holmseth violated a misdemeanor Minnesota harassment/restraining order statute.

The Florida court order was never filed with the Minnesota Attorney General's office as required by Minnesota State Statute. The EGFPD and City Attorney for East Grand Forks, Minnesota simply began conspiring with **private parties** in Florida to obtain a bogus court order via fraud and then arrest Holmseth using the bogus order.

CEASE AND DESIST

Christopher E. Hallett, CEO, E-Clause LLC., Florida, was/is a Congressional Defense Contractor that was performing loss prevention for the U.S. government under consent of Congress. **Hallett had Power of Attorney for Holmseth.** In 2019, Hallett drafted a Cease and Desist demand which was served upon the Polk County Sheriff's Office by Randi L. Erickson. The Cease and Desist warned Polk County that they were in violation of The Hobbs Act and that any future 'enforcement' of the fraudulent Florida court order would be a violation of federal law connected to Color of Law violations, kidnapping, interstate commerce, and organized crime.

Anoka County Sheriff's Office deputy under investigation after multiple Swatting incidents against local woman who works on task force formed within the Donald Trump White House

Timothy Holmseth May 17, 2021

<https://timothycharlesholmseth.com/anoka-county-sheriffs-office-deputy-under-investigation-after-multiple-swatting-incidents-against-local-woman-who-works-on-task-force-formed-within-the-donald-trump-white-house/>

On May 16, 2021, You Tuber Levi Page, Tennessee, and his co-host Alexandria Goddard, Ohio, said during Page's show 'Crime and Scandal' that they were informed via email by Anoka County Sheriff's Office about the complaint against the deputy. Page said Anoka County was responding to a records request made by Goddard for copies of body-cam videos captured when the deputies entered the Erickson home.

"We're going to keep calling" The fact that there is a federal conspiracy that involves Goddard and Page and others, to continuously commit the crime of Swatting, was revealed when Goddard boasted they were going to keep doing it. **"And they'll go there again because we're going to keep calling,"** Goddard said. **"Absolutely,"** Page replied.

Going back to the unconstitutional Florida charges, Holmseth had no relationship with Picazio and as a Minnesota resident reportedly, Holmseth had never even been to Florida. It is interesting that Picazio didn't charge Holmseth with liable and slander at that time. I believe it was Kirk Pendergrass, Christopher Hallett and Randi Lynn Erickson that also helped Holmseth defend himself against Picazio's Florida case, then Minnesota allegations/ orchestrated cases. Apparently, Holmseth had been extradited and imprisoned four times over these malicious carefully constructed allegations and by collusion between Kim Picazio and a Broward County Florida Court. It appears Holmseth was tortured, and reports are that he was visibly

very ill upon release of his last unconstitutional incarceration, leaving Holmseth with at least one broken rib.

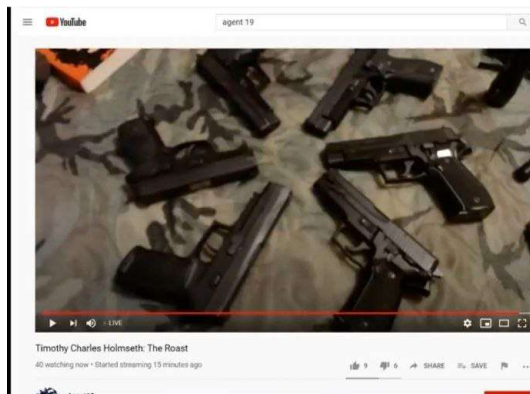

Florida Attorney Kim Picazio is accused by Wayenne Kruger of international child trafficking – and Picazio is traveling around the country with Alexandria Goddard – a cyberstalking Satanist – they are searching for FBI witness Timothy Holmseth – all caught on video - talking about killing Timothy Holmseth.

- Alexandria Goddard: Hey Timmy if you're watching satan is in front of you.
- Alexandria Goddard: Everyone should send Timmy a satanic Bible to Randi's house
- Alexandria Goddard: He said he wanted to read it
- Levi Page: LOL

Below is a tiny sample of what this group circulates all over the internet in a near around the clock endless propaganda campaign... They AREN'T Law Enforcement, but it would be nice to know who's paying the \$ 5,000 reward.... It has been said the swatting involves an illegal privatized manhunt for Timothy Charles Holmseth.

Murtaugh published a photo of Timothy Holmseth being shot in the head.

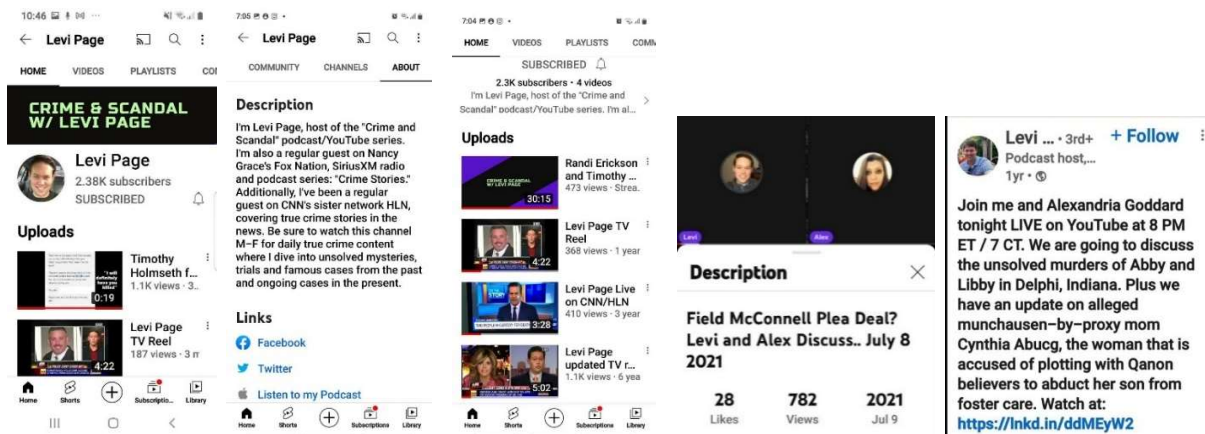

William K. Murtaugh published a photo encouraging somebody to murder Timothy Charles Holmseth.

Picazios group or the GET Holmseth/ GET Trump Network would love to believe and intend to have others believe Holmseth is delusional however Holmseth provides his readers with just enough evidence to get the full support of his reader, while many are aware Holmseth is holding back (I would say substantial information) I'm sure inevitably Holmseth will reveal the rest and eventually one of the greatest investigative stories of our time will be told in full. Holmseth caught Picazio and several of her colleagues "on tape" and the magnitude of what surfaced as a result is still reverberating today in an ongoing investigation surpassing and snowballing for over 14 years.

If I recall correctly this group used a lady, Tina Church of Special Investigative Consultants Inc. (Indiana) reportedly a friend of Levi Page and possibly Picazio's bail bondsman who worked for Kim Picazio named William Staubs, aka Cobra. Apparently, Church called the Police on Holmseth telling the Police that Holmseth had missing abducted child Haleigh Cummings in his home. The child in question Haleigh Cummings was the missing child of the book that Holmseth was writing or had written. Picazio was the lawyer for the missing child's biological mother. In Re: Haleigh Cummings by Timothy Charles Holmseth the now banned book. Levi Page and Tina Church have both been caught on tape threatening Timothy Charles Holmseth numerous times, Church basically declared she had access to a Judge in Holmseth's case and Page was violent and scary during these recorded published calls, Page warned Holmseth never to write a negative thing about him or else.... Apparently, Tina Church was on the calls with Page while Page was threatening Holmseth. "I will wipe the floor with your ass if you don't back off this case", Page wanted Holmseth to stop telling the public the missing Haleigh Cummings was alive (not dead as the mainstream news and GET Holmseth Network reported). Here is a sample of a few of those calls.

Alexandria Goddard was Levi's Co Host on Levi's pretend YouTube True Crime show ironically called "Crime and Scandal". Any show I ever saw regardless of the "topic" always went back to Holmseth, Erickson, Hallett and Pendergrass bashing almost without fail. Levi Page and Alexandria Goddard abruptly stopped doing regular segments around August 2022 where Page also deleted all the content in his Crime and Scandal YouTube channel along with his Twitter account. Holmseth did take legal action against Page, and it appears that case might end up becoming very significant at a later date. Page hasn't done any shows and has been quiet in social media since Holmseth filed a case against Page in Holmseth vs Page.

More Ashley Cooper Brown

The Facebook post below was posted by Ashley Cooper Brown reportedly within two weeks of Hallett's murder.

Cooper Brown Posts:

"You better start packing up your things and run like the wind timothy holmseth

Randi erickson

Kirk pendagrass

You guys may go down for murder as well.

Run run run as fast as you lil pedophile loving legs will tike you because they are all coming after you!!!

It gets even better now that we have halletts computer alllllll the bullshit on there it's just ridiculous. You all are sick"

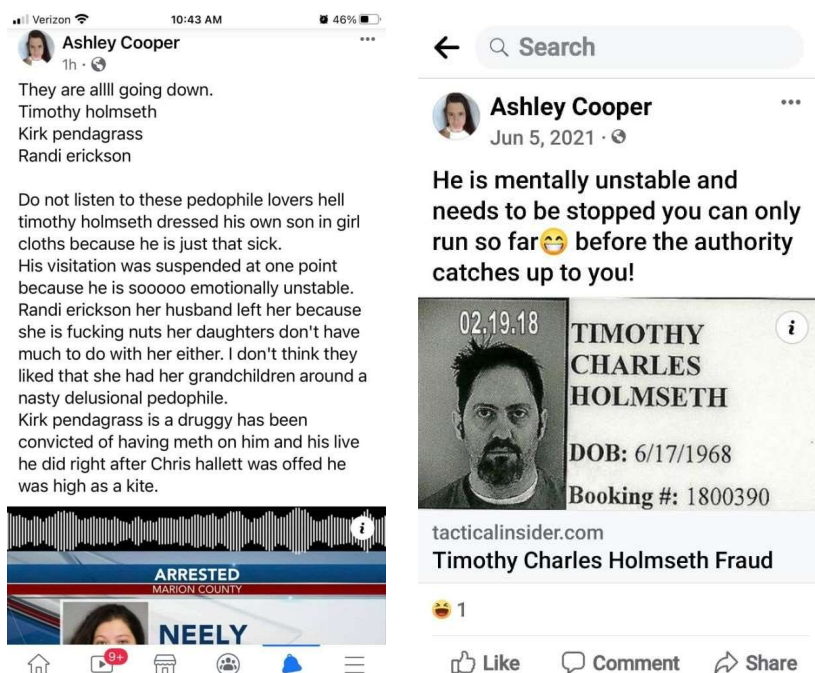

In another Facebook post (below), it appears on 01.01.21, Cooper Brown again posted as if to have intimate knowledge of details within Halletts computer.

*"The **FBI needs to look in hallett's computer and see the many horrible things Randi erickson David Jose David straight Francesca A and everyone else was doing** but really look into the messages on fb and so on. Chris hallett has the main key to the frauds. The **gun is military** and the ex was telling neelys lover to get of the watchmans show, so let that sink in"*

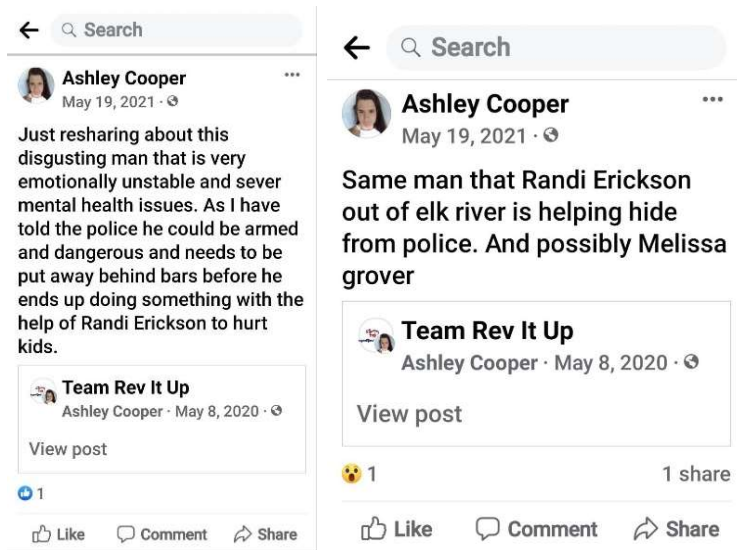

It would be nice to explain away Coopers behavior as a random internet Trolling however, her relationship to Alexandria Goddard and affiliations to Levi Page, William Murtaugh, Craig Sawyer, Randi Davis and more recent Paula Blades is concerning, let alone her bold attacks on the Erickson Family and false reporting about Erickson.

Like many others in this GET Holmseth Network Ashley appears to be a connected individual, of all the GET Holmseth Operatives, Cooper Brown like Goddard is surely one of the most aggressive, reckless with words, overt, all too happy to endlessly regurgitate defamatory propaganda about people and Cooper Browns Facebook account reads like an ongoing series of dozens of bad Jerry Springer episodes, the ones that end in brawls.

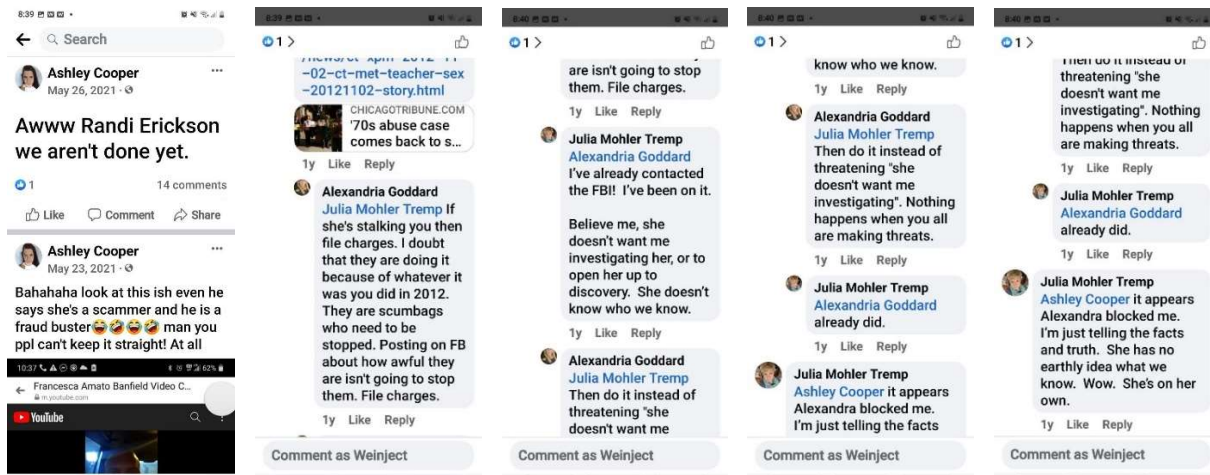

I don't know if anything Cooper is saying in the FB post above is accurate, without looking into every accusation I can guarantee most statements are totally false if not all of them.

05.19.21 as it appears on Facebook, Cooper Brown continues this highly defamatory propaganda style campaign against Holmseth and Erickson with "Team" Rev It Up (Randi Davis) with whom Cooper Brown also appears to be affiliated and very friendly.

Below is a typical example of Cooper Brown taunting Erickson and then a good example of Goddard telling someone to just “file charges” against someone else, not sure if Goddard’s comments are regarding Erickson or not.

05.26.21 Cooper Brown states to Erickson “Awww Randi Erickson we aren’t done yet”

Cooper Brown appears to have several victims she attacks mercilessly and all of them appear to have or have had some affiliation or previous connection to Holmseth, Erickson, Pendergrass, Hallett or Field McConnell. As mentioned second in line for being one of the most aggressive and overt is Alexandria Goddard herself and Goddard appears to be very close to Cooper Brown, it even appears Cooper Brown and Goddard possibly even lived together at one point and coincidentally it appears this took place during the same time frame that Ashley Cooper Brown

06.23.21 Kevin Murtaugh held a YouTube live and Cooper Brown came on Murtaugh's "show". The Glow channel also published a segment of Cooper Browns manufactured allegations against Erickson. Cooper Brown suggested that Erickson would also offer up her own children to be violated by "Pedophile" Timothy Charles Holmseth. Additional statements made in the full video were:

"Needs to be castrated"

"His family that adopted him are insane too"

"If I find out that fat bitch was near my kids"

Murtaugh tried to add to the fake claim that it was Timothy Holmseth and Randi Lynn Erickson that had approached Cooper Browns children.... Full video is in the description. Short Clip:

<https://youtu.be/3eFvLvhlrBE>

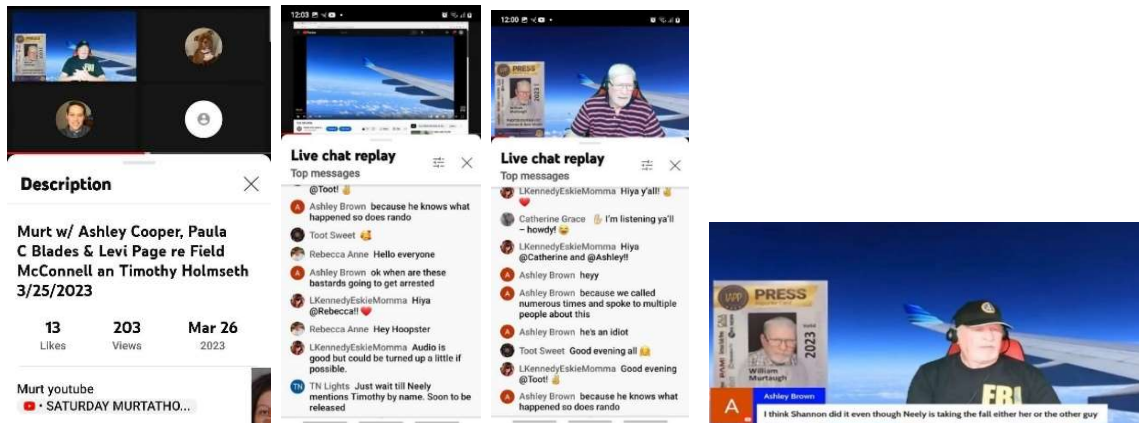

06.2021 In the same month it appears Cooper Brown also met with the FBI (Minnesota), presumably to report Randi Lynn Erickson attempted to abduct her (Ashely Cooper Brown's) child or children in a park in Two Harbors, Minnesota. Cooper Brown called Erickson a "pedophile" and published a video of herself after she said she met with the FBI in Minnesota, reportedly this was the same FBI office Murtaugh met with previously.

Murtaugh's show Murtwitnessone would hardly exist if not for the persecution and propaganda launched against Holmseth and his affiliates weekly and sometimes several times per week. Murtaugh's Murtathon appears more like a staff meeting of Operatives receiving disinformation, talking points, and new stories for the week to be further disseminated into all areas of social media rather an actual news style show of any kind.

“Supposedly because I knew the type of gun that killed Hallett”

“I think Shannon did it even though Neely is taking the fall”

That was a complicated show with multiple operations within I feel. I posted it here because Cooper Brown again states she knew the type of gun that killed Hallett.

Field McConnell

The earlier malicious, manufactured allegations suffered by Holmseth from the GET Holmseth Network are nearly identical to what happened to Field McConnell. Possibly because of Holmseth, it appears McConnell had made connections to E-Clause, Erickson, Pendergrass and I guess it’s possible Neely Blanchard through E-Clause as well, this I haven’t confirmed.

It appears McConnell is another one of the GET Holmseth Network victims as carefully constructed allegations combined with the Weaponization of a Broward County Court or Judge to silence and target McConnell was successful in preventing McConnell from drawing attention to all things Human Trafficking related, additionally and on the surface the allegations appeared to be retaliation of Holmseth's now infamous book In Re: Haleigh Cummings. McConnell promoted the book to his supporters/ followers on his YouTube show Able Danger where at times reportedly McConnell called Picazio out and made fun of her and apparently threatened she would be executed after trial for trafficking children or something along those lines, I never watched Able Danger so I can't explain exactly what went on during the Able Danger shows firsthand. It is widely known that at the time of recording McConnell's popular YouTube show named Able Danger, McConnell was suddenly besieged by Operatives and most of the people who became McConnell's close friends and support team appeared to be made up of mostly Operatives and or Agents, this was apparently unknown to McConnell and it is alleged by one of the Agents/ Operatives David Lester Straight, that even McConnell's late wife Denise was an MI5 Agent. It has been reported that Denise McConnell died while Field McConnell was in a Florida Jail. As I understand McConnell was only besieged by the GET Operatives AFTER introducing Timothy Charles Holmseth on his show after Holmseth's release from prison.

The "unfortunate" Field McConnell story is on going to present day and the GET Holmseth Network I write about here including what appears to be Picazio at the helm, have now completely infiltrated McConnell's life again, this after his prison/jail release and before his probation release. Someone published a photo of McConnell immediately after his release from prison a year or two ago and McConnell looked fantastic and well upon his release. Recently, McConnell went into the hospital with two broken ribs one on each side of his body, massive weight loss (90 lbs) and blood clots. It has been reported by Operatives Paula C. Blades, Sherry Kathleen Noeller and William Kevin Murtaugh that McConnell was very ill and according to the ladies McConnell was near death on at least two occasions and yet none of these people ever called a Doctor or Nurse, it wasn't until the general public started becoming concerned that McConnell ended up in Hospital. McConnell looked so ill that apparently people who saw him in a grocery store sent ambulances to McConnell's home. After hearing an alarming, recorded statement from a supposed friend of McConnell's and seeing images of McConnell posted online (from Sherry Kathleen Noeller and Paula C. Blades) I called Pierce County Sheriff's Office and requested a welfare check. GET Operatives I name in this document here reported themselves to be dispatched to McConnell's home to "care" for him. Even William Kevin Murtaugh and Alexandria Goddard announced they were scheduled to go to spend some time at McConnell's home because he was so ill, they didn't end up going. Paula C. Blades was reportedly talking to McConnell daily if not several times daily and Kim Picazio had reportedly texted McConnell as well. Sherry Kathleen Noeller stayed at Field McConnell's residence for ten days with Noeller and Blades claiming Noeller saved McConnell's life yet, none of these people claiming to be

helping McConnell called a Doctor, Nurse or ambulance for McConnell. During the 10 days Sherry Kathleen Noeller was reporting to be at McConnell's Home "saving his life" according to Blades and Noeller, reports eventually surfaced that Noeller was trying to bait and lure Timothy Charles Holmseth to McConnell's home for sex, sending him several sexual videos, texts and images. At one point Noeller told Holmseth she didn't think McConnell would survive long after her departure and yet again, none of them even called a Doctor or even McConnell's son? Most alarming is that this whole group purporting to care and be concerned for McConnell are the exact same GET Network who (with the exception possibly of Noeller and Blades back then) participated in having McConnell extradited from Wisconsin to a Broward County Florida jail where he served time for talking badly about Kim Picazio, they were all behind the charges and arrest and publicly took credit for the arrest as per Agent 19 and Montegraph's video's plus an arsenal of supporting evidence of the GET Holmseth Networks involvement. I never really got into the details of those charges. Noeller carefully and publicly documented her time with McConnell, Noeller who was a stranger to McConnell reported that "Field McConnell gave her authorization to order his books to resell, Noeller even called McConnell's publisher and learned about the cost of obtaining and reselling McConnell's books seeking donations from the public to I guess print the books, this during the 10 day's she was at McConnell's home. Noeller also took numerous images of McConnell's memorabilia and personal belongings and published them to her Telegram Channel, among several other unusual posts. It appeared the GET Network were all documenting what they tried and are still trying to paint as an amicable friendship/relationship with McConnell for what appears to be control of his legacy after his death. It totally appears to many that McConnell is being handled and controlled and Sherry Kathleen Noeller even said as much attempting to lead Holmseth to believe she was in fear of Paula C. Blades and the "human traffickers" that were handling McConnell. It appeared Noeller was building in a back up plan for why she would have been at McConnell's in the first place or possibly playing the damsel in distress intending to lure Holmseth to McConnell's after the sexual temptation attempt failed. Reportedly Noeller, friend of Paula C. Blades sent Holmseth numerous messages stating and making inferences she had no choice but to go to McConnell's as she was afraid for herself and for her children being be-headed, she inferred her and her kids were held hostage while she was at McConnell's putting the blame on Picazio colleague and GET Network affiliate Paula C. Blades, claiming her location would be traced by Blades.

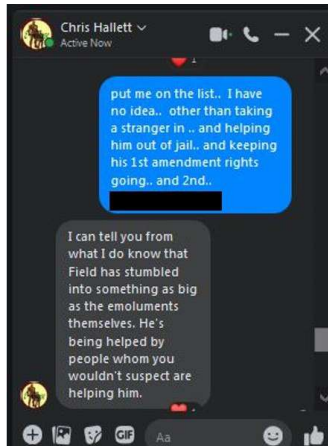

It is being reported that McConnell's symptoms are that of being water boarded. Important to note this GET Holmseth Network has been trying to use McConnell for numerous months in a Radio show created by Paula and the GET Holmseth Network. They are claiming the radio show (ALGN, A Little Good News) to be McConnell's and Paula C. Blades with Noeller as an Admin however clearly the GET Network set this radio show scenario up to use McConnell. The group has been taunting Pendergrass, Erickson, Holmseth and a woman and witness named Jessie Czebotar with "explosive allegations" Capitan Field McConnell is going to make

about all of them and expose about them, this taunt has been going on for numerous months and with many failed launch dates and this was being reported by many members of the GET Holmseth Network, unfortunately McConnell had repeatedly been too sick to perform for them in the manner required presumably to disparage Holmseth and affiliates. A woman named Jessie Marie Czebotar wrote a now sworn affidavit alleging Crimes Against Humanity and egregious crimes committed by high level government, military and others such as Hillary Clinton and others. Craig Sawyer was Hilary Clintons bodyguard at one point in his career. It appears Czebotar provided the affidavit to the Pentagon Pedophile Task Force, and it appears it was filed into a Federal Court in Minnesota possibly by Randi Lynn Erickson. Czebotar is being attacked around the clock viciously by this group of GET Holmseth Operators. Field McConnell claims his own sister was a close colleague to Hilary Clinton.

Before McConnell's incarceration in 2019 it appears, McConnell had also been doing his own research and investigative type of work in the same area of Human Trafficking, Crimes Against Children that the Pentagon Pedophile Task Force was involved in. By all reports The Pentagon Pedophile Task Force (PPTF) is a Task Force that was formed within the Trump White House under Presidential Executive Order called the Pentagon Pedophile Task Force (PPTF). The PPTF gathers actionable intelligence regarding international crimes such as human trafficking, and then forwards the intelligence to the U.S. Military through a designated liaison with Joint Special Operations Command (JSOC).

Below is a screenshot reportedly, from Christopher Hallett to Randi Lynn Erickson or I presume Holmseth wherein Hallett tells Erickson **"Field has stumbled into something as big as the emoluments themselves"**, thus indicating Hallett was working with McConnell to some degree before McConnell's arrest, presumably with the Task Force.

Field McConnell was arrested and extradited to Broward County Jail in 2019, again reportedly "After" McConnell began preparations to record and interview victims of Family Court and Child Protective Services for what appears to be in conjunction with E-Clause, Kirk's Law Corner and support of the PPTF. It appears the PPTF, E-Clause and McConnell were working independently but in a joint effort towards a larger project wherein members of the alliance were to conduct recorded interviews and possibly collect witness affidavits because the group discovered and had witnesses who were reporting that children were being trafficked at an industrial level. The PPTF was reportedly receiving reports of children being subjected to every conceivable form of abuse including, rape, torture, cannibalism and worse. It is being reported that this alliance (E-Clause, Kirks Law Corner, McConnell, PPTF) were planning to use Field McConnell's studio out of Plum City Wisconsin for recording the interviews. Reportedly Randi Lynn Erickson herself had put in her own money to help with the recording process. The video interviews to be conducted were then going to be submitted to President Donald J. Trump, showing Trump that CPS and Family Courts were kidnapping children, with I presume Hallett laying out HOW they were using the legal system to traffic and kidnap people. McConnell was arrested outside his Plum City studio.

September 2020 William Kevin Murtaugh started advertising Operation Chaos in conjunction with the FBI (Minnesota, MN).

Immediately after Murtaugh emerged from a four-hour long meeting with the FBI (MN), Operative William Kevin Murtaugh made an ominous public statement.

"The company in Ocala days were numbered" (E-Clause).

And then miraculously... E-Clause was finished with the death of Hallett only two months later and E-Clause's biggest supporter and heavily invested colleague to Hallett, Neely Blanchard, arrested for Hallett's Murder.... E-Clause, end. Task Force (or little group) badly fractured.

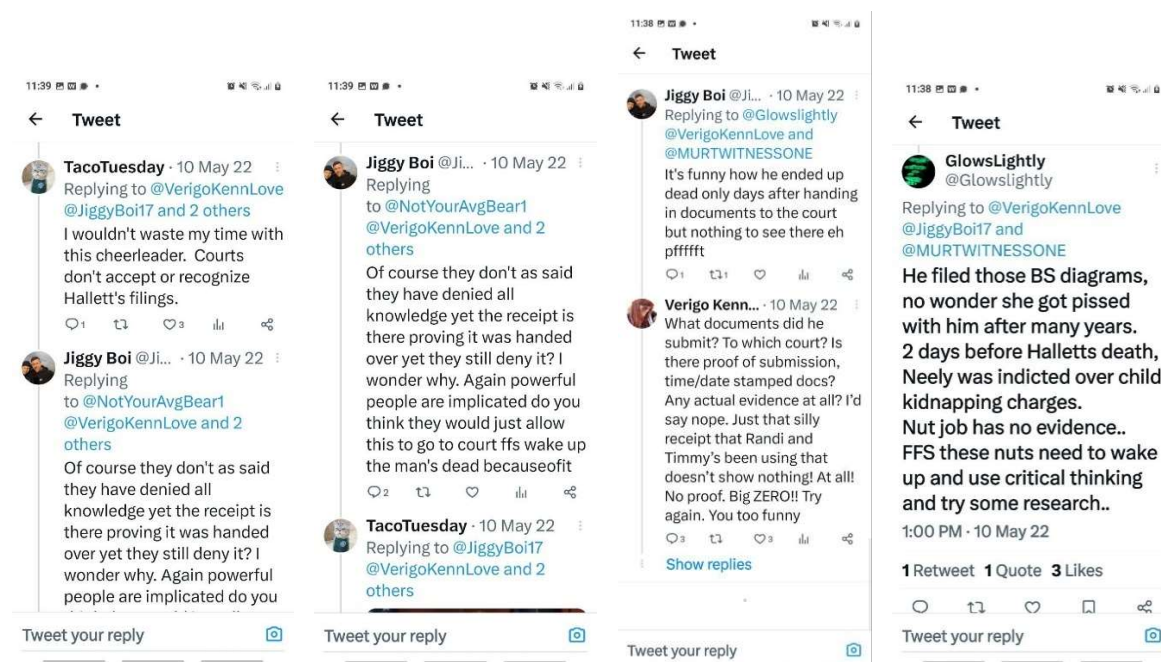

It is a fact that only two weeks before Hallett's murder and Blanchard's arrest and as late as November 1, 2020, Neely Blanchard had interviewed (recorded) at least one victim or satanic cult defector who detailed to Blanchard crimes involving Human Trafficking logistics and elements of the international trafficking system and it appears the interview was solely conducted by Neely Blanchard. It appears to be fact The PPTF received a copy of at least that one interview by Neely Blanchard, presumably Neely had sent that recorded interview to the Task Force prior to her arrest, possibly to Hallett, I do not know if more recorded interviews exist. Neely Blanchard claimed to be part of Operation Legend, Neely told the arresting officers she was part of an Operation while she was being detained before her arrest and or during her detainment, it appeared the only concern Blanchard had was for the evidence in her car that was related to Human Trafficking or what she had intended to submit to Law Enforcement, presumably what she was working on for E-Clause and possibly the PPTF, of course I do not have all the details.

Interesting to note Murtaugh publicly announced Operation Chaos only one month after Trump announced Operation Legend.

William Kevin Murtaugh and the Once Missing Court Filing

Christopher Hallett gave Randi Lynn Erickson a receipt as proof that he filed documents into Ocala Florida, Middle District Court, Division 5 on November 2, 2020 only 14 days before Hallett's murder. Neely claimed she had a Federal Case number. There has been much controversy and discussion over the court receipt over the years, and it appears Murtaugh and the GET Holmseth Network weren't initially aware Erickson had a copy of the receipt. Timothy Charles Holmseth

Report's eventually published the receipt if I recall correctly. TCH Reports published the receipt after hiring a lawyer to source Hallett's November 2, 2020 Federal Court filing and the filing was nowhere to be found, the court didn't have any such filing. Murtaugh and his camp would previously determine publicly and repeatedly the receipt's existence meant nothing.

Verigo is one of Murtaugh's Admins... It appears here Laurie Kennedy (Verigo) wasn't yet aware the court filings had re appeared, Glow quickly corrected Verigo.

Eventually Murtaugh would go on to report as fact on one of his Murtathon's that he telephoned the Federal Court and spoke to the Clerk for an hour, Murtaugh reported the Federal Court Clerk told him the receipt Erickson received from Hallett was a forgery and claimed yet again nothing had ever been filed. **Notably** the FBI Agents who visited Neely in jail also told Neely Hallett never filed anything. Only after a great deal of exposure and only years later did a court filing re-appear. Difficult to understand why Murtaugh and the FBI would say (with conviction) the filing wasn't there and nothing was filed by Hallett and the receipt Erickson had been a forgery and then years later and only after much attention and discussion in social media and by publication questioning the filings disappearance did a court filing re-appear. The FBI telling Blanchard nothing was filed in their court by Hallett is so very significant for so many reasons not to mention it completely undermined Neely's entire relationship with Hallett, it completely undermined and called into question all the projects Blanchard, Hallett and possibly the "little group" had been working on, possibly even undermining the existence of an operation "Operation Legend" that Neely believed she was working on. To surmise, the two FBI Agents basically told Blanchard that Chris was a liar, fraud and conspiracy theorist and

inferred she had been deceived badly by Hallett, visibly this was very difficult for Blanchard to comprehend, I presume given the totality of the circumstances and all the work and time they must have previously put into what appears to be multiple projects.

The receipt and Christopher Hallett's missing court filing is probably one of the best examples that Murtaugh and the GET Holmseth Network do in fact have the connections they boast about as clearly someone would have had to have the power and connections to make a court file vanish for years and then re-appear years later.

Below is a clip of Murtaugh talking about Federal Court, stating he has connections in the Federal Court System, in that "Murtathon" surprisingly, and out of the blue Murtaugh announces he has the missing court documents supposedly filed by Hallett, this that Murtaugh and his Network had previously reported didn't even exist.

FBI Informant Brags He Has Connection's in Federal Court System & Claims He Has Missing Court Docs https://youtube.com/shorts/PdBiw4uT4_k?feature=share

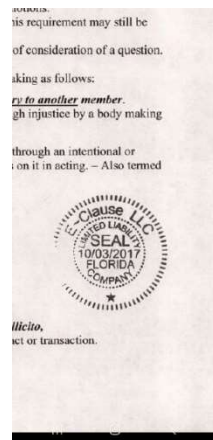

Possibly even worse than the file vanishing is the file re-appearing after years. Even worse than the file re-appearing is the inference being made present day that the "new" filing isn't even what Hallett had originally filed... The stamp on the "new" 33-page court re-filing that re-appeared is reportedly not Hallett's stamp and it appeared that Kirk Pendergrass couldn't even make sense of the "new" filing.

I don't think what is filed was Hallett's file either, I believe it is a forgery.

Below is reportedly the stamp/ seal on the "new" recently re-appeared filing...

As far as I can source below is E-Clause's stamp/ seal...

Murt has a copy of the receipt, and all the missing court information was "sent" to Murtaugh <https://youtu.be/-uLJOVrnmZI>

In the video above Murtaugh talks at length about the missing court files now re-appeared. Murtaugh also discusses details of the receipt, a receipt that according to Murtaugh and a Federal Court Clerk (according to Murtaugh) was a forgery and fake and then this was then indirectly verified by the two FBI agents that interviewed Blanchard as they completely denied the existence of any US Court filings by Christopher Hallett.

Here is a portion of that conversation,

Neely and The FBI Transcription

Agent #1: I'm not saying that you're not smart, I'm thinking you got wrapped up in a bunch of conspiracy theories and what you believe you have evidence of, is just evidence of made-up conspiracy theories

Blanchard: So when he would say that he filed stuff, when he filed stuff

Agent #1: He, filed em where? Not in my Federal Courthouse, nothing

Blanchard: Not in Ocala?

Agent #1: Nope

Blanchard: at all?

Agent #1: No

Blanchard: I think I have a; I think I had a Federal Case number on something, but you're saying there's nothing even, there's nothing even there?

Blanchard: I, I just it's just, it's been a lot and it's still not, you know what I'm saying it's wrong, right? These, what these groups, what's happening, you know what I'm saying it's wrong because they shouldn't be allowed to be doing, it's unauthorized practice of law.

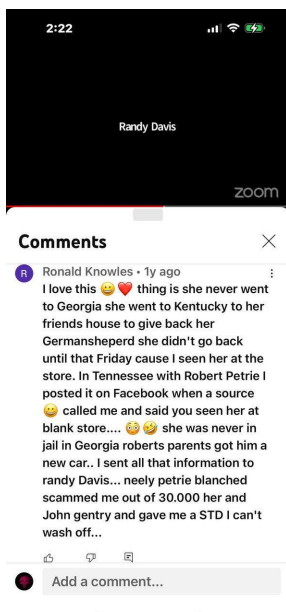

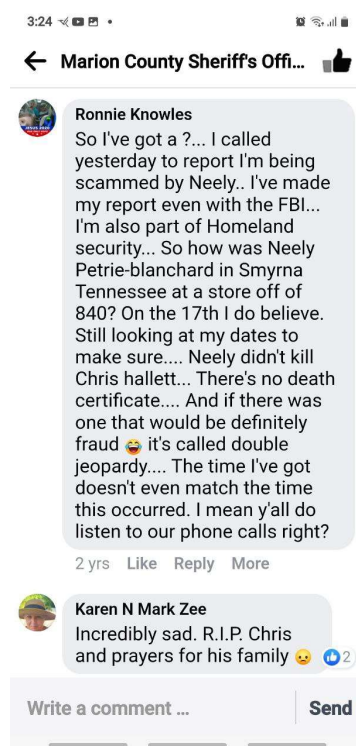

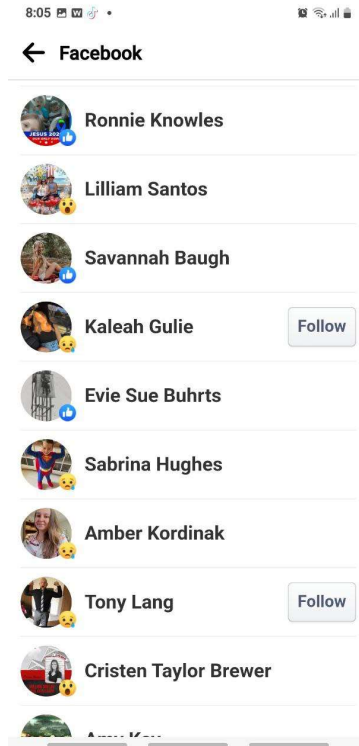

It appeared there was much more confusion if not a coordinated effort to convince Blanchard that Hallett was a fraud and or worse a bad person possibly even involved with other bad people if not involved in the human trafficking that Neely thought they were investigating and intended to expose. I heard reports of Neely receiving text messages (supposedly) from Hallett on Facebook claiming he had her children before the murder, I heard Neely was concerned of the whereabouts of her children and was receiving strange messages/ images of her children that likely would have made her concerned for her children.

I will say, this Network regularly hack accounts and regularly creates impostor accounts pretending to be whomever depending on the target and the operation. Present day I have had numerous accounts try to befriend me purporting to be Military or pretending to be Timothy Charles Holmseth, all of them part of the GET Holmseth Network, my own personal accounts have been hacked and recently someone has repeatedly attempted to hack my Facebook account and probably would have succeeded had I not had a two-step authenticator on the account.

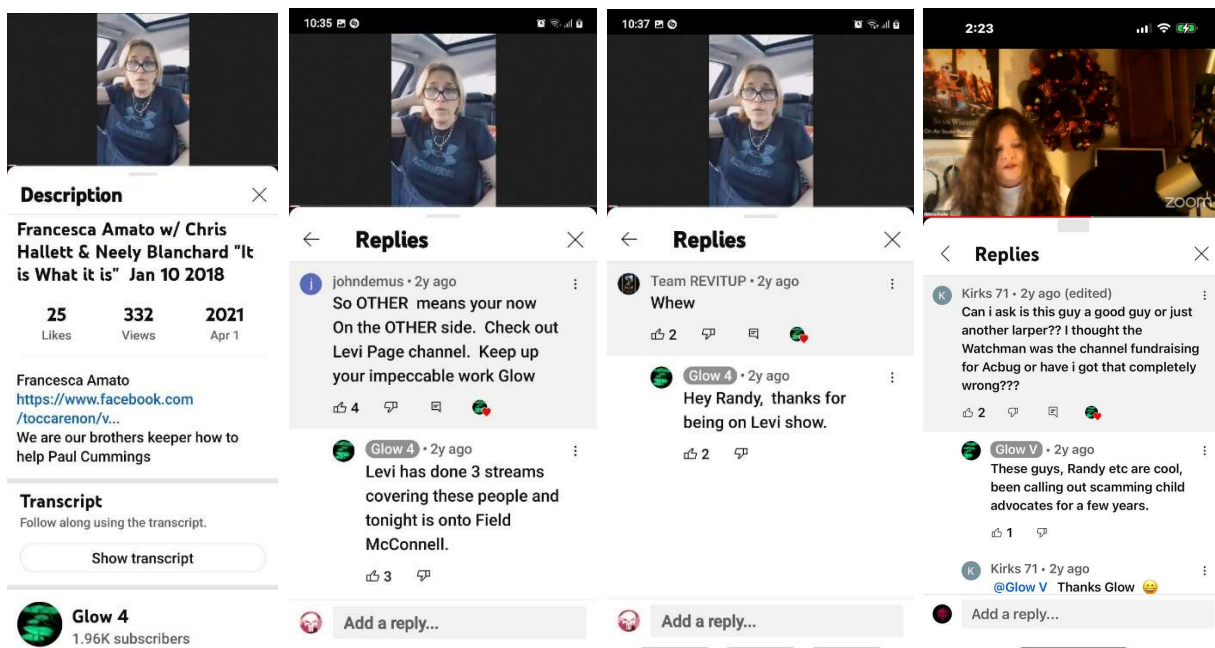

I presume that Blanchard's friend Kathy released recordings of Neely Blanchard or gave the recordings to the SAO or Blanchard's defense. Shannon Mutter Tanis and Kathy had a bizarre conversation and I see Ronnie Knowles hanging out in social media with Randi Davis and the Glow account for example. Knowing what I know about this group of Operators it basically sounds like a large Psychological Operation was in play, it sounds like they were running an elaborate operation on Neely Blanchard serving many agendas but one agenda appears an attempt to turn Blanchard against Hallett and possibly Pendergrass and the PPTF. I believe they have run and or attempted to run numerous operations intending to divide Blanchard, E-Clause, Kirk's Law Corner, The PPTF and now Field McConnell.

I could go into great detail about the various Psychological Operations I see playing out and I could probably make a pretty good argument Shannon Mutter Tanis was probably a Honey Pot or Plant used to infiltrate Hallett and erode relationship within E-Clause from the get go and I'm tending to lean to similar thinking about Ronnie Knowles the more I review, however I will stick to the facts that I know for certain rather be painted a conspiracy theorist for logical speculation based on the totality of facts and my knowledge of the players involved. I will add that sometimes it can be tricky to determine who is who and who is or was a genuine friend for example rather an operative, in my experience watching how the Network operates, it appears they can blackmail extort, handle, and manipulate almost anyone to their will, meaning just because someone might have been a legitimate friend doesn't mean they cant be turned into a weapon against you by this Network, this is a common effective tactic they use frequently and I am not even sure the target understands they are being manipulated and used as a weapon.

I'm not sure what's going on with Ronnie without looking further into it but he did like the Facebook post about Blanchard's arrest and in the Spy Pen recordings Blanchard did sound as if she didn't trust Knowles by apparently asking Watson record her calls with him.

Interesting dialogue there....

It is being reported there are connections between Mutter Tanis and Alexandria Goddard, but I have yet to stumble into that material if it still exists.

Neely Blanchard, Chris Hallett and the FBI

Going back to what Blanchard said to the FBI, I find it curious that Blanchard chose to say "what these groups" during the FBI interview. The part I find curious is extremely complicated to explain, but I will attempt to address it here as simply put as possible.

If I am correct in my assumption that it appears to me Blanchard (and possibly others) were being handled in a Psychological Operation before, during and likely after the time of the Hallett murder, then it would make sense to me Blanchard said "what these groups" lumping Hallett into that category even making the statement "I, I just it's just, it's been a lot and it's still not, you know what I'm saying it's wrong, right? These, **what these groups**, what's happening, you know what I'm saying it's wrong because they shouldn't be allowed to be doing, **it's unauthorized practice of law**"

Many factors of the FBI Interview are troubling however Blanchard's statement "it's unauthorized practice of law" concerned me, along with another statement she made "these groups"... statements made by Blanchard only **after** the two FBI agents appear to convince Blanchard no filing ever even existed, I feel Blanchard is left with little option here other than to believe the FBI and believe she was lied to and played by Hallett and possibly his affiliates/ Task Force. Blanchard making those statements I feel, support my position in leaning towards Blanchard being handled in an elaborate Psychological Operation.

I imagine Blanchard would have had to have had additional information (or disinformation) "previously" "purposely" given to her for her to succumb so easily to supporting a false construct (story) provided by the two FBI Agents and I do believe she did get that false information (disinformation) "previously" by perhaps Davis (who said as much on video) and probably Taylor who had appeared to Blanchard as a friend, offering to help her with a "proper lawyer" for example. What the two FBI Agents confirmed virtually supported all the propaganda the GET Network had been pumping well prior to Hallett's death, Examples: Hallett was a fraud, scam artist wanna be lawyer, not really able to help mothers but only use them and grift off them, a dangerous person recklessly practicing law pretending to help people only to let them down..... this to me seems like an adequate amount of pre-programming Blanchard would have needed in order for her to even remotely believe what the FBI was claiming, combine that with Alexandria Goddard's all out campaign against Hallett (specifically) E-Clause and the "Unlicensed Practice of Law Investigation of Christopher E. Hallett" a complaint that by all appearances Goddard was very loud about prior to the murder. For Blanchard, or anyone in her situation to maintain any kind of psychological stability in what they know to be true or what reality is, or by putting all the circumstances together would almost have no other option but to consider what the FBI is saying is true (after all, why would the Federal government lie to Neely Blanchard?) as they are themselves confirming exactly what Davis and possibly Taylor, Goddard and the GET Holmseth Network had already planted/ programmed in Blanchard's head. Truly I can imagine the only way for Blanchard to stay sane and reconcile all the facts she had were to deduce that perhaps Hallett, the PPTF and Operation Legend under Trump was all fake and frauds like the FBI Agents told her, just like the GET Holmseth Network had repeated too many times to mention and over an extended period of time. Ultimately at the end of the day all the work Blanchard, Hallett and possibly others had done was never filed as Hallett had told Blanchard it was, meaning Hallett would have had to have provided Blanchard at least one fake filing number too, this according to the Fed's indirectly. The curious case of the Hallett to Blanchard Facebook messages about Hallett having Blanchard's children could have easily played into Blanchard's position as well then hearing from the FBI Hallett was a fraud and filed nothing and I only extrapolate this conclusion because of my familiarity to the Psychological Operation techniques and programming etc. and the GET Holmseth Network and how they operate and the lengths they go to create and enforce what they want people to believe is the truth, usually being a false construct (story). I would bet money Hallett never sent Blanchard any messages about having her children but a GET Operative hacked Hallett's Facebook account and pretended to be him to support the false construct, pitting Blanchard against Hallett because she can't reconcile that behavior, that's where my head goes on that. For me to try to explain all the factors that played into a Psychological Operation that happened to me would be very difficult, they are complicated and elaborate and purposely mess with your psychological state in a sophisticated manner and it makes no difference how smart an individual is we are all susceptible

to these highly organized CIA style Operations, many times even the smartest people have no clue they are in a Psy Op, it's too much of a whirlwind to even think with people coming at you, information being sent to you, bizarre things happening in your daily life meant to trigger you or upset you, they studied her psyche before the operation they know what will unhinge her etc. Humans are no match for these operations, period, I don't care who you are.

It has been said that the original Pentagon Pedophile Task Force was Randi Lynn Erickson, Christopher Hallett, Timothy Charles Holmseth and Kirk Pendergrass. There are reports that David Lester Straight was a member of the PPTF, possibly at its inception however, it appears short lived for Straight. Recordings between Holmseth and Straight help understand why Straight was cut loose early on. Straight was trying to set Holmseth and Erickson up in an elaborate operation, it appears Straight was trying to supply massive amounts of information to Erickson and Holmseth as "intelligence" being that he lied and said he was on three presidential Taskforces. Like many of the Operatives, sometimes they go too far with the information such as what Straight did. The recordings are unbelievable.

David Lester Straight and Sherry Kathleen Noeller

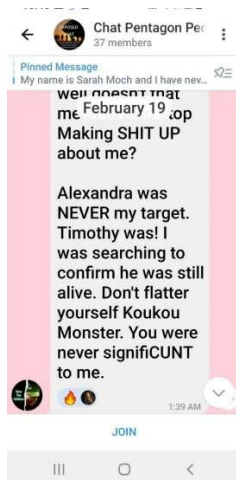

David Lester Straight appears to be a higher-level Agent/ Operative. Like Juan O' Savin (Reportedly Wayne Willott. Unconfirmed) David Straight claimed to be working close to the Trump administration. David went so far as to claim he worked on several Presidential Task Forces under President Trump; Straight claimed to have viewed child rape blackmail footage using Secret Service clearance. Straight told Holmseth he was Secret Service. I can't help but recall Secret Service involvement in the earlier claim Blanchard kidnaped her own children, is that what Secret Service does? Straight made many other claims including witnessing the transfer by US Marines of 2,100 children from underground cages in California. Straight said most of the children had been abducted by CPS and Straight said approximately 300 of the 2,100 children died as a result of the transfer, Straight told Holmseth and Erickson and maybe others that the children were taken to a US Military base. Straight called this a rescue when it appears it was a transfer. As far as I know this matter is still unresolved with the American public having no answers on who the children are and where they were transferred to.

It appears to me that David Lester Straight infiltrated a Sovereign Citizen style Movement out of Texas calling themselves State Nationals. It appears David, Juan O' Savin and affiliates may have also tried to infiltrate the PPTF, E-Clause, Kirk's Law Corner and Field McConnell. It appears like Straight took elements of Kirk's Law Corner's education and Hallett's education (from all appearances fundamentally based on Constitutional Law) added some State National beliefs and marketed a system Straight created to supposedly help people repudiate citizenship and become a State National thus avoiding some laws, taxes and many other things taught by Straight and his group along with claiming to show parents how they can

get their children back from CPS, among other things. David's system appears to be rife with pitfalls and although different elements in the program might be educational in nature, I'm sure, put into practice David's system is not exactly helpful for what he and his affiliates sell the system to as, the processes appear to be much more complicated then they are sold in a three day seminar costing between \$150 to \$185. It appears David is making claims he can help mothers get their children back from CPS but in similar fashion to Randy Davis the only proof Straight has is a woman who appears to be connected and handled by the group along with Operative Sherry Kathleen Noeller David's assistant, promoting a glowing testimonial of how David and his wife got CPS or the government out of Noeller's life using David's system and because Noeller claimed she was a State National (of which I hear she really isn't a State National, unconfirmed) Noeller claims that she has her children thanks to David and his so called wife Bonnie Thomas. Even worse than the system not working are people using it thinking they can fight the government using David's system, or not to pay their mortgages or business taxes etc. Only a month or so ago was Straight's supposed wife Bonnie sentenced to over five years in jail, which really calls into question David's system not to mention credibility.

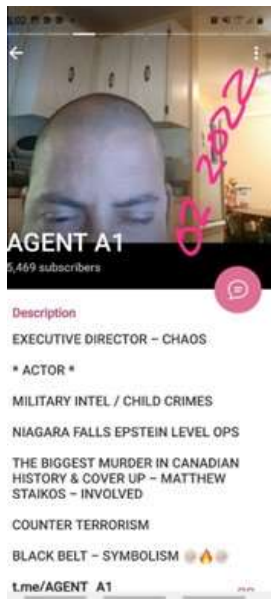

It is reported David Lester Straight hired Sherry Kathleen Noeller as his Executive Assistant. It appears Sherry Kathleen Noeller, possibly her mother and possibly others took Straight's simple basic fraudulent business and expanded the State National "business" for and with David Straight, adding merchandise, social media, expansion into Canada, trademarking resources and family lineage research resources and it appears they added selling or brokering the sale of precious metals. They sell everything as gifts and collect zero tax, collecting as much as \$90,000 in a single 3 day seminar just from the three day ticket never mind the extras.

I believe Sherry Kathleen Noeller tried to infiltrate me and tried to use me to try to infiltrate Timothy Charles Holmseth and then possibly Randi Lynn Erickson. I have made this opinion public on many occasions and at one point I noticed Noeller gave her opinion on the statement I made within my own Telegram Channel. Even though I have Noeller, Murtaugh and all the GET Holmseth Network Operatives blocked from my channel they still manage to watch it and everything I say seemingly in real time and frequently comment in their own social media on things I say and do in my own research channel. I thought it was telling the way Noeller worded her statement.

Sherry Kathleen Noeller and David Lester Straight are both representing themselves as State Nationals, along with Juan O' Savin, they are all making the inferences the deceased JFK Jr. is the current Vice President of the USA and they are all claiming to be fighting an evil cabal who are trafficking children, claiming to be Patriots, claiming to be Christian and claiming to support Donald J. Trump. It really looks like they are trying to scam as many people as possible and make as much money as possible before they get caught. Noeller and Straight are talking alien invasion. David is claiming one of his employees (Marcia Crandall) is actually Mary Magdalene and she is carrying the blood of Jesus Christ, and David was protecting her because she had the Jesus Strand (another Psy Op), I mean, you can't make this up. They would probably be considered QAnon followers, Conspiracy Theorists, Sovereign Citizens, State Nationals, or all of the above.

Paula C. Blades considers herself to be what is called a Digital Solider within the QAnon movement and Paula's Canadian colleague and Kim Picazio Colleague Gerald Brummell (Agent Margaritaville) is functioning as a QAnoner and was labeled as such by Will Sommer, Brummell's subordinate, and colleague Agent A1 is heavily immersed in the movement. Even Murtaugh's Admin John Taylor exhibited elements and associations that would indicate he was part of the QAnon movement. These people are all claiming to be saving children, they are the epidemic of what it means to be QAnoners for the most part, the problem is they are all Operatives and not only that they ALL tried to infiltrate Timothy Charles Holmseth, Field McConnell, Kirk Pendergrass, Randi Lynn Erickson and I suspect E-Clause, Christopher Hallett and Neely Blanchard.

It was reported a while back that David Straight made a strange comment about McConnell to Randi Lynn Erickson, surprisingly his assistant Sherry Kathleen Noeller ends up spending 10 days at McConnell's house. Juan O' Savin appeared heavily involved with McConnell. Kim Picazio calls herself "Q's Worst Enemy" and Alexandria Goddard, William Kevin Murtaugh, Levi Page and Will Sommer regularly make derogatory comments about QAnon Conspiracy Theorists and continuously paint people with the QAnon brush. But they are all working together?

Really strange who Murtaugh, and the GET Holmseth Network including Will Sommer choose to highlight as a "QAnon". Of all the large QAnon voices out there in social media which are easily tens of thousands, why would Sommer choose to highlight people who have either denounced the movement or only appeared to be peripherally involved by sharing some of the movement's philosophies or content? The media and the GET Operatives worked really hard to associate Trump, Holmseth, Erickson, Hallett, Pendergrass, Blanchard and McConnell with the QAnon, State National, Sovereign Citizen, Conspiracy Theorist movements. Why?

So called "intelligence insider" Juan O' Savin looks like he could be involved in the creation of the Q movement along with Michael T. Flynn who appears to most definitely be part of the creation, a movement that appears more and more like a CIA style Psychological Operation by the day. That isn't a conspiracy either as General Michael T. Flynn former National Security Advisor himself claimed the Q Operation to be a Disinformation campaign created by the CIA and created by the left. That is surprising but equally as surprising coming from Flynn considering the majority of the Q movement revere Michael Flynn as the QAnon General to this day. I guess they didn't get the memo.

Much like I do believe Juan O' Savin, Brummell, Blades, Straight and Noeller for example tried to infiltrate the PPTF and Field McConnell and others, it looks like Michael Flynn attempted to do the same to Donald J. Trump along with Lin Wood, possibly Sidney Powell and others. Since near inception of the Q "intel" drops (October of 2017) Michael Flynn has been without question the General of the QAnon Army, his followers are called Digital Soldiers and despite what looks like Flynn being terminated by the Trump administration that didn't stop Will Sommer from reporting and making the inference Flynn was with Trump and vice versa and indirectly painting Trump a QAnoner.

Michael Thomas Flynn (born December 24, 1958) is a retired United States Army lieutenant general and conspiracy theorist who was the 24th U.S. National Security Advisor^[1] for the first 22 days of the Trump administration. He resigned in light of reports that he had lied regarding conversations with Sergey Kislyak. Flynn's military career included a key role in shaping U.S. counterterrorism strategy and dismantling insurgent networks in the Afghanistan and Iraq Wars, and he was given numerous combat arms,

the nature and content of his communications with Russian ambassador to the United States Sergey Kislyak.^{[20][21][22]} Flynn's tenure as the National Security Advisor is the shortest in the history of the position.^{[23][24]}

In December 2017, Flynn formalized a deal with Special Counsel Robert Mueller to plead guilty to a felony count of "willfully and knowingly" making false statements to the FBI about the Kislyak communications, and agreed to cooperate with the Special Counsel's investigation.^[25] In

Slightly misleading from a now National News "reporter", Flynn didn't last a month inside the Trump Administration. I'm sure Flynn didn't resign either... Will Sommer coined the phrase "Pro-Trump QAnon conspiracy theory" in at least one of his Daily Beast articles, this is not the first time Sommer tried to entangle or place Trump in the QAnon movement.

On a side note, like Blades, Brummell also claims to be in contact or have been contacted by General Flynn.

QAnon and Q

Timothy Charles Holmseth reports he infiltrated the QAnon movement and is aware of they players behind the sophisticated Psychological Operation. The movement is so deceptive many are still totally caught up in it to this day, beginning from October 2017. I myself was very much a follower of all things Q related and what I thought were intelligence drops however, existed external unusual anomalies and circumstances that kept popping up I couldn't avoid, red flags that slowly piled up against the operation, it was actually Timothy Charles Holmseth Reports™ that thankfully, pulled me out of the Psychological Operation many people are still under. Interesting Will Sommer calls Holmseth QAnon as do and have the others in the Get Holmseth Network. From my research into Holmseth's work (which is massively substantial) everything Holmseth does is purposeful, with thought and a pragmatic approach.

Do I believe there is a military operation happening in the US and worldwide? Yes, I do. Do I believe the Military has involved citizens in that operation by way of internet message board? No, I don't now, but I did, which is why I believed so much in the Q operation to begin with, the operation so sophisticated, the FAKE operation ran parallel to an actual Military Operation, plus, the QAnon infiltration

portion, this is why it can be confusing but this would explain why the GET Network including Michael Flynn and Lin Wood became involved in the movement, along with David Lester Straight and Juan O' Savin, all claiming to have access to Trump and or the Trump Administration or access to intelligence. Circumstances happening within my own government, Law Enforcement, Health Agencies and Intelligence Agencies here in Canada only validated what was happening in the Q operation for me personally, it was really difficult to come to terms all of it was just a hoax. Now watching the movement with a different lens and I hope a more objective point of view I can see a different agenda completely that absorbs and eliminates the red flags I had and everything makes sense. (which is where I am most comfortable). Q does look like a Psychological Operation, a substantial operation meant to distract, identify patriots and more importantly an intelligence gathering operation to source mothers and persons like Jessie Czebotar for example who would come forward with evidence and information related to Crimes Against Humanity among a litany of other agendas, I could go on, I feel that would be some objectives of the Operation. Many of the main players of the Q Operation were reviewing intelligence and stories from the public and even solicited the public for information about Human Trafficking and Crimes Against Children. It appears all that information was kept in a top drawer locked up never to see the light of day.

The cultural differences between what is Q and what is QAnon are very clear, as I have understood the synopsis is Q is a belief in God, a belief the world and how we saw it wasn't accurate and entailed much deception. The deception was going to be exposed to all as per the Bible and God's word. There was a Worldwide Military operation happening to remove the corrupt elite from power and the drops in a message board were being conducted by real Military Intelligence types who have the highest security clearance. They needed to involve a segment of the civilian population to combat the mainstream media's propaganda and end around the mainstream using tens of thousands of people spreading the truth or counter narratives to the mainstream propaganda machine. For a time, I was happy to be part of that group, between what was happening in my own country and by watching actual Military Operations it was all plausible. Early on, that group started to fracture and split off into another group or it all got infiltrated. Suddenly people emerged who believed JFK. Jr was the real Vice President of the USA; Trump wasn't even Trump but might be Johnny Cash or Elvis and Melania was actually the late Lady Princess Diana. Bi name celebrities were still alive like Michael Jackson for example and playing roles in disguise to take over the world from evil and it was believed on my and others end that all those believers infiltrated the Q movement to make the rest of us look like really crazy conspiracy theorists, so there were Q people and then there was QAnon or QAnoners. I was personally Infiltrated by a QAnoner named Prayer Warrior who appeared to be connected to Noeller and possibly Juan O' Savin (even working for Noeller) and we would regularly argue about what was unproven and the absurd claims the QAnoner's were making and there was a very large group of these QAnoners appearing to come from a group connected to a guy calling himself Negative 48. Repeatedly I would have arguments

with this infiltrator "Prayer Warrior" about discussing publicly only what was fact and omitting what was not, concerned for our credibility by discussing outlandish unproven scenarios or fact less claims. For a period, I started doing Telegram Lives weekly where subscribers and I would discuss research, events happening in the world, the movement in general or Holmseth's reporting. I would invite Prayer Warrior to my weekly Telegram Lives, this before I was fully convinced she wasn't who she presented herself to be, we did have a regular joke going that she knew I thought she was could be an Operative but I really couldn't prove it. I would prepare her before the Lives and make sure she knew we were going to discuss only what we knew as fact and could back up and if we were speculating to declare that subject matter as speculation as we were discussing Live, frequently as Prayer Warrior would get the floor she would eventually start to entwine her QAnon type theories in my Live which was upsetting to say the least but I didn't want to say anything Live to make her look bad. At one point Prayer Warrior even tried to make shady comments about Trump on my Telegram Live. Who was always there to record these events and publish them painting me a crazy QAnon conspiracy theorist? The Glow account... Unbeknownst to me the Glow account obviously under a Telegram name not called Glow had recorded several segments of Prayer Warrior on my Live Streams which indirectly painted me as having the same QAnon beliefs as Prayer Warrior. The Glow account would put outlandish titles on videos about me, recorded from my Telegram Lives that weren't true but based on what Prayer Warrior was putting in the Live herself, so they were trying to paint me as a QAnon too. I had to stop doing any Telegram Lives because this GET Network would literally attack my Lives and send multiple plants and infiltrators to greatly disrupt the Telegram Lives, target subscribers or try to join the Telegram Lives so they could say horrible untrue things about The PPTF as the Telegram Lives were recorded for others to listen to later. The Lives were a total clown show and I just had to stop doing them.

For the life of me until recently I couldn't really figure out why the GET Network persisted in calling Hallett, Erickson, Holmseth, Pendergrass, McConnell, Blanchard and another mother, Cynthia Abcug, QAnon, State Nationals and/or crazy Conspiracy Theorists. My point for addressing the Q stuff in this document will hopefully reveal itself because it is complicated.

Why would the Get Network not attack and expose actual QAnoners whom have large followers potentially deceiving and manipulating millions of people daily. At a quick glance many of the faces and heavy hitters of the QAnon movement appear to have an average of 300k to 500k subscribers with some up to over a million followers. There is a massive Q and QAnon movement currently taking place yet this entire GET Network mentions almost nothing of it that I can see unless it's associated somehow to Trump, his affiliates or Holmseth, his affiliates or the PPTF. Trump being an enemy to the GET Network I can understand as he has a massive base and can be the president, in comparison, Holmseth has just over 7k followers in Truth Social, the Telegram Channel posting all of Holmseth Reporting is at 16.5k

subscribers, I don't think anyone has completely confirmed that account to be solely Holmseth's. Kirk Pendergrass has just over 4k subscribers in his Kirk's law Corner channel in Telegram. Hallett had 620 Followers on Twitter and I can't source any numbers from Field McConnell's Able Danger channels because the YouTube and Twitter accounts were deleted by Picazio affiliate Montegraph and the abledanger.net website to my utter disgust looks corrupted and is currently hosting pornography. My point being, of all the tens of thousands of Q people and QAnoner's and with the core group keeping the hoax going daily some with half a million subscribers or more, Flynn over a million, why isn't Will Sommer or the mainstream media or the GET Network who act like they HATE Qanon, targeting or reporting on any of those heavy hitters specifically? They aren't hard to find, they proudly claim to be part of the Q movement or QAnon, they display it everywhere and are easy to identify, perhaps more difficult to determine Q from Qanon but they are all there daily all over social media. Of course Holmseth for example has denounced the Q movement, reported he infiltrated the movement and reported the Q thing is a Psy-Op and worse Holmseth Reports reported QAnon a Psy-Op is plotting against Donald Trump. As far as I can tell in my limited review, Kirk Pendergrass and Hallett didn't speak favorably about any Sovereign Citizen or State National stuff and as a matter of fact literally called it out as BS and much of it is contrary to how Pendergrass and Hallett viewed the law which is to have respect for due process of law fundamentally and respect for the Constitution.

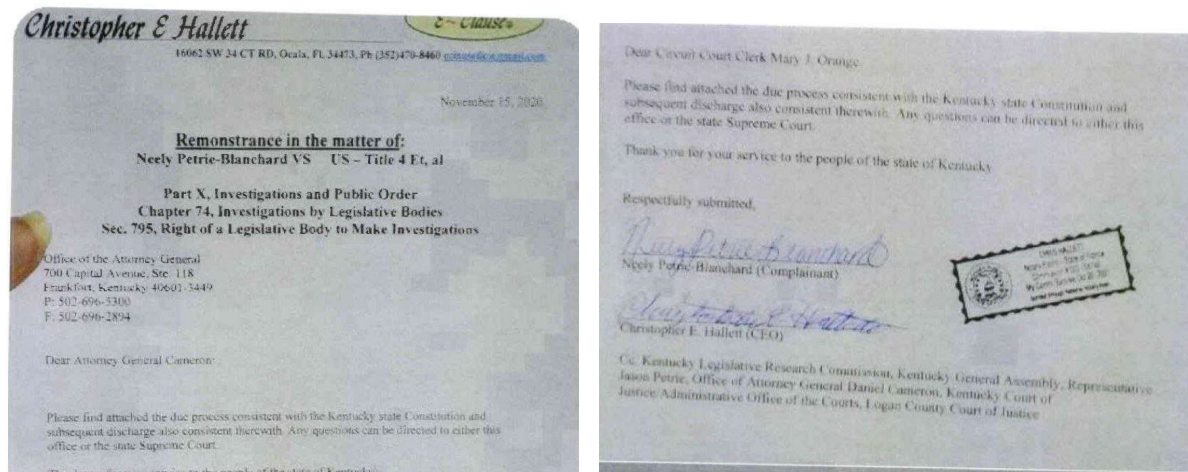

Hallett and Blanchard

Additionally, I argue if Neely Blanchard's child was being sexually violated, if Blanchard was working under Operation Legend, if Hallett had submitted US Court filings, (the two FBI Agents tried to hide the existence of from Blanchard), if Blanchard was indirectly or directly working with the PPTF reportedly connected to the Trump Administration, If Blanchard was interviewing and recording victims or insiders who had knowledge of International Human Trafficking Operations perpetrating Crimes Against Humanity, If the Trafficking involved Logan County in Kentucky, what if Hallett was assisting Blanchard with a Congressional case regarding a Weaponized case against Blanchard out of Kentucky? If all that were true, would that still make Blanchard a crazy QAnon Conspiracy Theorist? What if Hallett and Neely were planning to file even more E-Clause documents? What group would that have threatened? The GET Network? They sure are working hard.

Snippets of this notarized document was published by Holmseth Reporting dated November 15, 2020, here is an excerpt reference from Holmseth Reports published September 20, 2022.

We have obtained an official E-Clause LLC document dated November 15, 2020, that is Notarized by Hallett. The documented is entitled Remonstrance in the matter of: Neely Petrie-Blanchard VS US – Title 4 Et, al

The document proves Hallett and Blanchard were physically together, and preparing to file, an **EXPLOSIVE** document that, according to other evidence, was going to **expose global COVID-19 tracking codes, as well as the largest human trafficking operation in the history of mankind.**

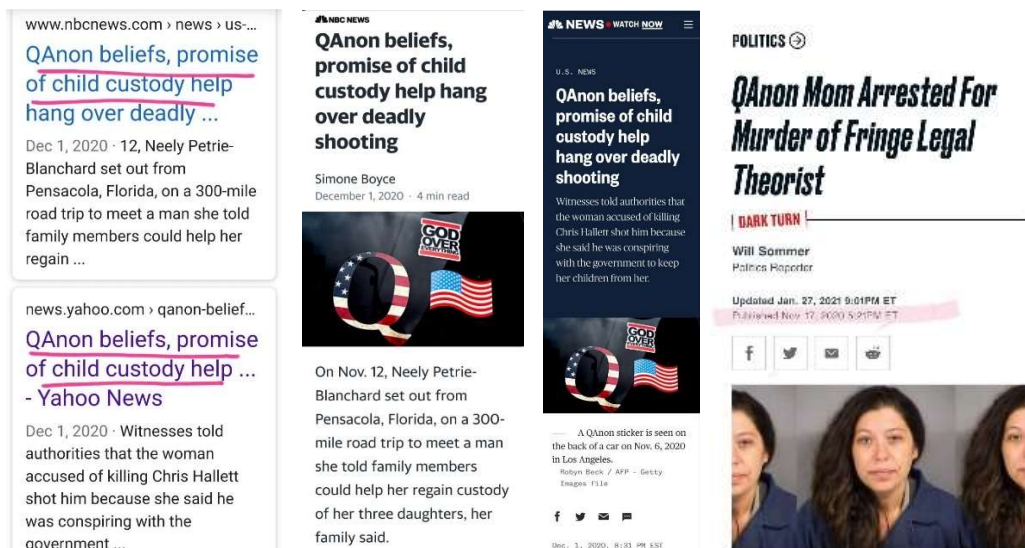

I am wondering if these weren't part of what Neely had in her car.

I'm hearing Shannon Mutter Tanis even claimed to Law Enforcement something that sounds like Mutter was referring to her talking to Hallett when Mutter said,

"With what your about to file she's going to get her kids"

Sounds like Blanchard and Hallett were about to blow the lid off The International Human Trafficking Network and Crimes Against Humanity using US Courts and in conjunction with The Pentagon Pedophile Task Force.

This "narrative" above is totally opposite of legitimate facts yet immediately after the Murder of Christopher Hallett articles being published calling Hallett a Sovereign

Citizen, "Fringe Legal Theorist", calling Blanchard the "QAnon Mom" and Conspiracy Theorist, literally publishing what appeared to be a motive **"promise of child custody help"** Mainstream or not who would have had time to properly research so many and such intricate details, details that happen to be false, happened to be published so quickly as fact. Along with the trails of false information and propaganda published by the GET Network I presume this narrative was determined mainly by an interview with Blanchard's family, but it appears one of the GET Network members had access to Blanchard's mother... Anyone who knows the difference between Q and QAnon would know that Blanchard appeared a believer in Jesus and in an actual military operation rather be defined as a QAnoner. Blanchard's demeanour and behavior is contrary to anything Mutter Tanis portrayed to the police and that being said, most people under CIA style Psychological Operations would look like a raving mad person at the pinnacle of the operation and even under that pressure Blanchard still appeared to me remarkably composed.

Most definitely nobody would categorize Christopher Hallett as a State National nor Conspiracy Theorist if they researched for a second any of his social media Facebook or Twitter accounts. Hallett spoke and his social media showed clearly what his mandate was and what appears to me to be his love and knowledge for the American Constitution and due process of law. Hallett was not a Sovereign Citizen or Conspiracy Theorist, far from it. It appears entirely accurate that Hallett had a mandate by Judge Jay P. Cohen and was a loss prevention specialist for the US Government and a Constitutional Law expert, reportedly operating under the consent of Congress, working with very high-level officials within the United States Government on matters of National Security.

Presumably all the mainstream news media and local news got talking points from a central location or source and the supporting information sat in the Glow channels and accounts, Murtaugh's channels, Will Sommer and other articles, Davis, Cooper Brown, Verigo, Meko and elsewhere, all GET Network who strategically created and published a trail of disinformation character assassination and propaganda populated within social media well before the Hallett murder, purposely.

In 2019 FBI labelled QAnon Domestic Terrorism and Canadian Intelligence agencies started reporting on QAnon extremism in 2021, what have they done about it?

This is a quick Google search I did last week. Notice the headlines in ALL the stories regardless of the news paper.

Again, the very most disturbing part of the characterization of Hallett and Blanchard being labelled as Domestic Terrorists or Conspiracy Theorists, etc., etc., is even more alarming if you consider it appears that the GET Trump and GET Holmseth Network has everything to do with both The Q, QAnon Psy Op, the State National

Sovereign Citizen movement, The Alien Invasion and the Jesus Strand Psy Op from behind the scenes. Add to this the fact that Goddard, Davis and many others from the GET Network had been perpetuating rumors of Hallett and "these people" for years predicting doom from a group of "Dangerous QAnon Domestic Terrorists" as suggested by Goddard and the GET Network YET the allegations, construct and narrative is FAKE and untrue, Hallett was never a State National and it appears Blanchard was working on supplying actionable intelligence to Law Enforcement and at least one Task Force connected to the US Army under JSOC and it is probable that Blanchard was involved in Operation Legend given her proximity to the few The PPTF members and at least the one interview Blanchard had conducted November 1, 2020 before her arrest. As far as I can tell the infiltration that happened to Blanchard was to convince Blanchard none of what she thought existed was really real even to the point of bringing in the "FBI" as the final nail in the coffin obliterating her own foundation of what she thought was true that Hallett and the PPTF were legitimate and they were collectively working on many things within Operation Legend, that could make most people feel crazy and that is why Psy Ops are so effective. If what the two FBI agents and GET Network surmised or created to be true Blanchard would have every right to turn against Hallett and the PPTF. If the two FBI Agents and the GET Network are a bunch of liars and deceivers one would have to ask themselves why?

Documented in your long list of violations, you POS. You need to be in JAIL.

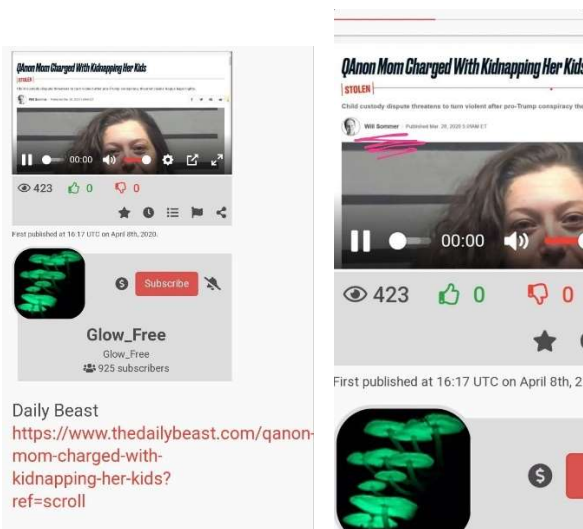

Rear Admiral ... is Goddard's Twitter account @Prinniedidit, she frequently changes the name of her accounts... Like this one too, "poppin & droppin".

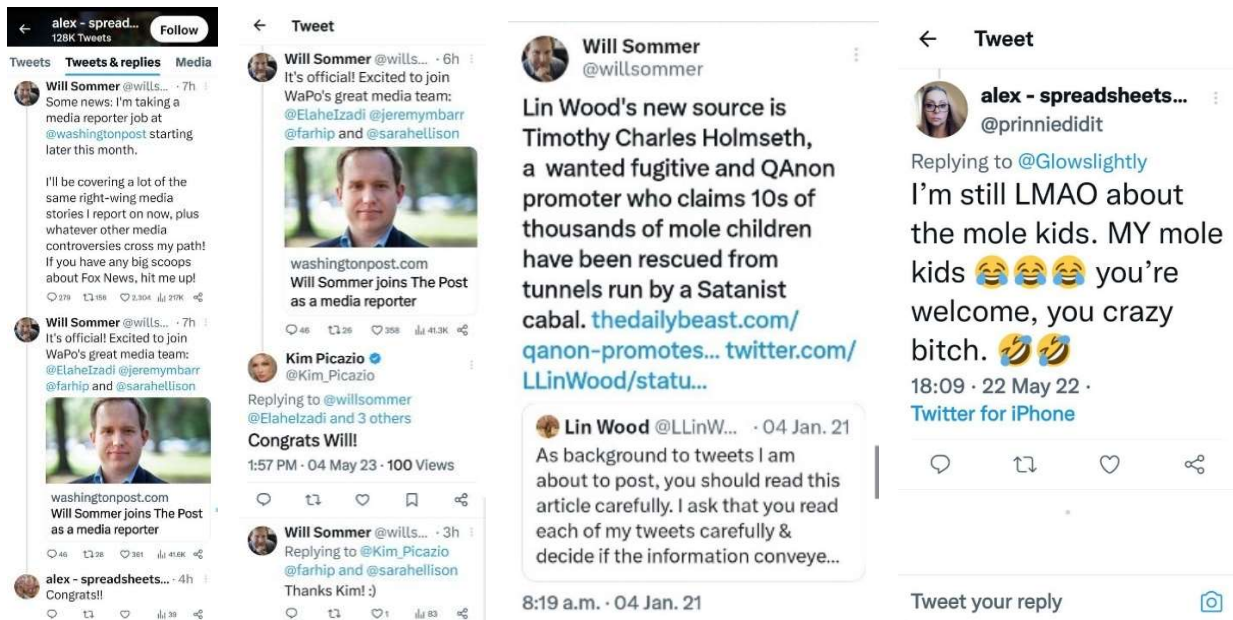

I never understood why Goddard kept making these outlandish accusations until recently. Goddard accuses Holmseth of inserting himself into other cases, but Hallett was Holmseth's Power of Attorney. Hallett and Holmseth appeared to both be on the same Task Force and working on the same projects and it was Goddard and the GET Network who kept trying to put Holmseth in the case. Holmseth is reporting on the case after all, he is an Investigative Journalist and Hallett was his Power of Attorney and reportedly on the Task Force Holmseth and Erickson were part of, Hallett was no doubt targeted because of Holmseth, Trump, Erickson and Pendergrass and what they had intended to bring to light, Hallett was murdered and he was seemingly close to Erickson, Blanchard is being accused of Hallett's murder less than two weeks before conducting an interview with a system defector recording information about people with a lot to lose and the exposing of an International Trafficking crime syndicate wouldn't want that recording to exist, not for Blanchard to continue in that trajectory. Blanchard and Hallett were working together the day of the murder as per the November 15, 2020, E-Clause Notarized document. My question is why is Alexandria Goddard so heavily involved and so offended that Holmseth and Erickson would be involved and interested in the case?

To my knowledge Hallett, Pendergrass, Erickson, McConnell, and Holmseth had no real criminal backgrounds, the nefarious Operation here was to create a scenario to tarnish the PPTF's reputations and credibility along with Blanchard and McConnell. They aren't State Nationals, they aren't Conspiracy Theorists, and by all appearances they aren't part of QAnon at all. Noeller, Straight, O' Savin, Blades Brummell, Wood, Flynn and others worked as hard as they could to get close to or Infiltrate Holmseth, Erickson, Hallett, Pendergrass (Part of PPTF), Trump, McConnell and it appears Blanchard because the GET Network were "acting" like State Nationals, Conspiracy Theorists and QAnoners, it looks like a classic attempt to put everyone in the same group, guilty by association or as I like to call it "the sidle".

And look below at the material the Glow account uses to disparage Blanchard as a QAnon mom kidnapper by "Will Sommer". Was Blanchard kidnapping her own children if at least one of them were being sexually assaulted by their now late father and the State wouldn't help her? I keep hearing Goddard and the GET Network claim Holmseth and Hallett were behind advice telling mothers to take their children from foster care etc., I have never seen any proof that Holmseth, Hallett or the PPTF were endorsing mothers take their children from foster care or elsewhere. However, I will say that if I had a child being sexually groomed or assaulted by anyone, my child wouldn't be in that situation for long if I could do anything about it and I think that is a normal reaction for any parent to want to protect their child if it's not their duty and responsibility to protect their own. I do know of at least one instance of a mother who was approached to take her children and go on the run and that didn't go too well at all and that was out of Camp David Straight.

Back in February 2023 Murtaugh was promoting Will Sommers book. It has been said that Will Sommer is working with Juan O' Savin or for Juan O' Savin. Clearly Picazio and Goddard keep tabs on Sommer, and they seem friendly. I can loosely connect Noeller to Sommer and Sommer doing the QAnon piece on Brummell worked out well helping to tie Field McConnell in as a QAnoner. The way Sommer writes about the PPTF members and Trump show the same disdain, HATE, and identical verbiage that Alexandria Goddard uses regularly.

Veltman Lee is in the GET Holmseth Network too...

Media

Without getting too deeply into the media leverage and associations I will glaze over a few points of what I call the ABC Media simplified to get the point across.

A Media - (CNN, HLN, MSNBC, NBC, FOX) Otherwise known as The Mainstream Media

B Media – The Gateway Pundit, The Daily Beast, Rebel Media, Vice Media, Project Veritas

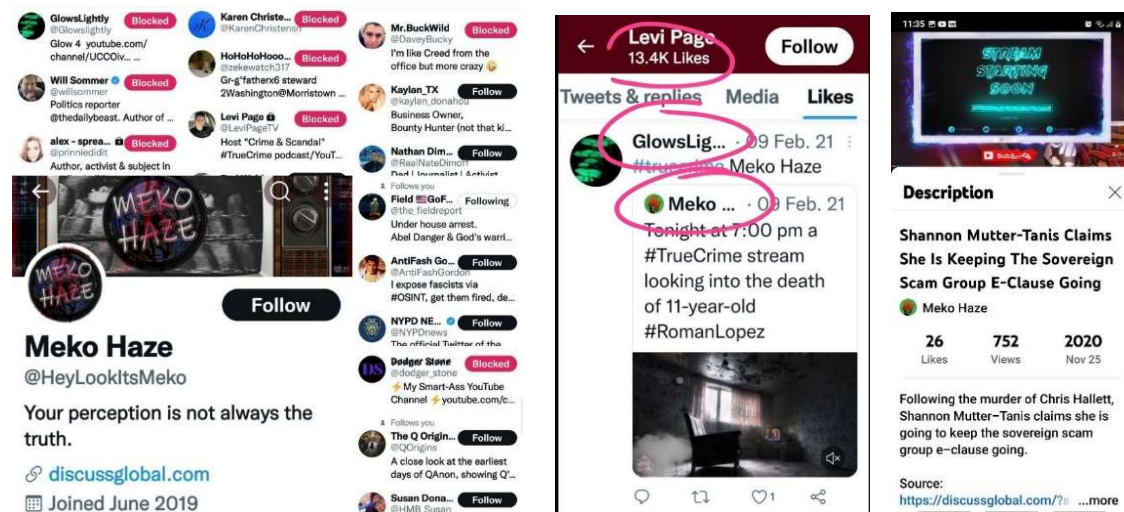

C Media – True Crimers, Citizen Journalists, amateur Writing Blogs, Murtwitmessone, Meko Haze, Megan Fox

Without any kind of additional review or lengthy research I can say for certain this Network has close ties or connections to all three tiers of media.

It has been said that Randy Davis was asked by James O’Keefe to be a writer for Project Veritas or have some involvement with Project Veritas or with working with O’Keefe.

Years ago a large amount of True Crimers suddenly saturated YouTube. I noticed some unusual anomalies and I feel like this Network are all somehow involved or have a hand in these B and C tiers, certainly many of them have had exposure in the Mainstream media as well. These B and C media groups put out a lot of information that supports the GET Network if not insulates them. The GET Network’s social media accounts share propaganda and disinformation daily that is harmful to North America and regularly shares false information as if it were true, similar to the disinformation campaign they have run against the PPTF and affiliates. I feel strongly that this group is only an extension of the Mainstream media and I would go out on a limb to say possibly responsible or somehow handling the surge of amateur crime reporters or the content.

Meko Haze

Similar to Murtwitmessone and Randy Davis’s The Watchman now RevItUp, Meko Haze reportedly ran a YouTube Live November 17th, 2020. Haze reported that Susan Blanchard contacted Haze the day after the Hallett murder. This information was very surprising to hear especially because I have known Meko Haze to be connected to the Network for a long time now. How in the world does Blanchard’s

mother even know this guy exists? His YouTube channel is very small and I've always had the feeling Meko worked for Picazio and possibly Murtaugh, but I know for certain he is affiliated with all GET Holmseth Network members and Haze stays on the same narrative as the rest of the GET Network always. So, Blanchard's mother reaches out to this totally obscure YouTube guy and the guy just happens to be a close affiliate to the GET Holmseth Network? not only that but reportedly Neely's mother said that Neely had documents in the car showing that they were involved with trafficking children, meaning Kirk Pendergrass and Christopher Hallett were involved in child trafficking? Obviously, this is interesting because Levi Page claimed something was found in the car the next day as well. The whole thing sounds off, way off and it will be interesting to see what shakes out here because I am a thousand percent sure Hallett and Pendergrass were not involved in Child or Human Trafficking but collectively within the PPTF, Field McConnell and Neely Blanchard were trying to expose the unconstitutional Fourth Branch of government the system created and used to traffic human beings through. People know the truth when they hear it and many people know what this little group has actually been working on. Below is a random comment from Murtaugh's E-Clause video.

It would take you days and hundreds of hours to understand how great of a man Chris Hallett was, one of the most intellectual men in our times today. Chris Hallett was actually one of the few people working to stop and break up the pedophilia rings operated by the American Bar Association, C.P.S, and the Democratic Party.

government, which is unconstitutional.

They also proved that the American Bar Association turned the courts into crime scenes, and the bar also turned the judiciary into weapons against the people, that's why the Democratic Party always ran to the Ninth Circuit Court of Appeals to get their way.

Chris Hallett had 1500 cases thrown out of family court in Texas, he was the leading expert in the country and had standing in law, and was bringing loss prevention into the judiciary, because the judiciary had been monopolized by the American Bar Association, and they actually created a fourth branch of government within our form of government, which is unconstitutional.

ON NOVEMBER 6, 2020 THE FBI ANNOUNCED "PAYBACK" WAS COMING TO "QANON" THROUGH "OPERATION CHAOS"

When Murtaugh says "QAnon" here he is talking about Holmseth the PPTF and affiliates.

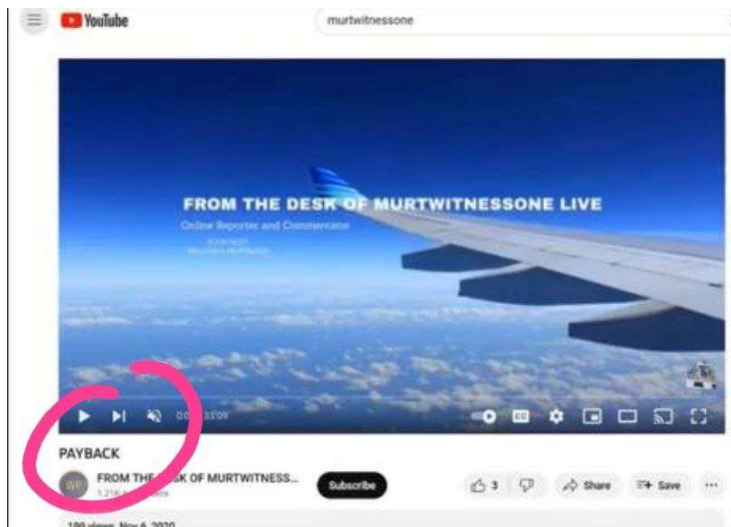

Murtaugh, November 6, 2020, and announced "payback" was coming to "QAnon" because Joe Biden was going to be the President. Murtaugh said there were going to be "hearings" and "investigations" and people were going to "jail".

"to make those who supported QAnon pay for their actions. And there's one group in particular that is going to pay dearly – and this is a group from Minnesota, Arkansas, Iowa, Ohio, Utah, Oregon, Washington, and elsewhere. What I suppose you would call the American QAnon. Because without the support of one man – Mr. Trump – QAnon is going to fall apart," William Kevin Murtaugh said".

Reminder,

Murtaugh exited the FBI meeting and immediately announced **the company in Ocala (Hallett's) days were numbered.**

The GET Holmseth Network HATES Trump!

The "GET" Trump Network

At the end of the day it's all about "GET" Trump! All of these Operations meant to destroy the Pentagon Pedophile Task Force disparages people who potentially work on a Task Force formed within the Donald J. Trump White House.

This GET group are primarily "Actors" pretending to care about country or about other people, citizens or even National Security. Reality, the GET Network might be one of the most dangerous groups of people that exist in the United States of America right now and possibly (probable) outside the USA. The amount of damage they have done to Trump, Holmseth and their affiliates simply by manipulating social media alone is astounding and would be difficult to rectify because of the nature of the deceptive programming involved, Programming the public to an ideology and manipulating them into a position that doesn't even exist but for in the minds of these Hoax Perpetrator's. The catastrophic damage to countless peoples lives because of this ruthless Terror Network is unquantifiable and I for one will not stop my exposure, reporting and surveillance of this group. This group has subverted the United States of America and continues to subvert the Constitution and the country daily, they are in the very least Traitors and without a doubt do not serve in the best interest of their country but serve against its people.

In Closing

I started assembling this document May 2, 2023. Today is June 17, 2023. I swear that I am speaking truthfully and to the best of my knowledge and ability in trying to explain this complex, pervasive, and nefarious Network. The information in this

document is but a miniscule percentage of the totality of the situation and that makes it difficult to write about or articulate. Difficult to determine what to put in this document and what to omit as the document is pointless if not cohesive enough to understand, yet there are so many other factors that exist. The trail of electronic evidence this Network has left behind is astounding, the exhibits in this document for the most part are what I grabbed without having to go through any of my archives collected over years. I have many issues with applications and anything involving technology, spell check, transferring documents, email etc. I also have a fully functioning business that can occupy my time. I have read through this document several times to correct grammar, spelling, statements etc., I would probably continue to refine it further if I had the time, but I don't unfortunately so please accept this document as is.

Sincerely,
