In may 2009, I e-mailed Kim Picazio in regards to comments being made about misty hitting Ronald Junior at a medical clinic. I asked Kim what she or Crystal were going to do about it if anything.
This is how Kim Picazio got my e-mail address.
Kim Picazio contacted me agian on June 1, 2009 in what Kim said was wanting to speak to me in regards to missing Children. This turned out to be a Lie.
Kim wanted to really talk to me about being on her team, because she said that once I got on a subject I wouldnt let it go.
I Called Kim Picazio and all she talked about was her bid for custody of Ronald Junior. Kim wanted me to call DCF and lie about Ron and misty. Kim told me to tell DCF Annette Pitts that I was a resident of Florida and that I knew Ron and misty personaly, and that I knew of Ron and mistys Drug use and abuse of the Children

Kim Sent me Several e-mails of Person's to Contact at DCFS.
I Did in fact call Annette Pitts and let her know that Kim Picazio was going on blog sites asking bloggers to call in false Claims agianst Ron. I told Annette that Kim wanted me to lie and say I was a resident of Florida and that I personaly knew Ron and misty, and knew of them doing drugs. and abusing the children on June 3, 2009, at 1:51 pm I Called Kim picazio about making up t-shirts, bracelets and fliers for Haleigh Cummings Kim said Listen," Haleigh isn't in Satsuma and I'll bet wherever she is she is healthy, well fed, and Growing
I was Speechless, Sick to my Stomach and in Shock.
I thought my god Kim knows where Haleigh is. Why would Kim make a Statement like that unless She has either Seen Haleigh or know for a fact.
I hung up with Kim my Jaw still to the floor and thought Oh no, what do I do.
I Called FDLE for missing Children and

Spoke to a woman by the name of Debbie
I called DCF and spoke to Annette Pitts
I proceeded to call, Greg Kimball, @
Americas most wanted, Satsuma Sheriff
Dept, Florida Bar assocation, us Dept
of Justice, us Attorneys office, FBI
and the opa Locka police anyone I thought
could help me.

ALSO,
on June 1, 2009 in my phone conversation
with Kim picazio, Kim told me off the
relationship she had with Peggy Cone. An
officer with the PCSD. Kim said her and
Peggy were like Sisters.

Kim proceeded to tell me how peggy
was giving her information about the case
concerning Haleigh Cummings
Here are the things Kim said peggy was
giving her.
pictures of what the trailer looked like
the night Haleigh went missing
Copies of DNA test that were taken from
the hole in the wall with blood. which turned
out to be Ronalds.
peggy told Kim that there was a Drug
Dealer that was under Surveilence and

Showed Kim a video of such house under surveilience that showed Ron going in and out of said house.

Kim asked Peggy why they were not arresting Ron for drug activity, and Peggy said that when they charge someone with a crime, they want them charges to stick like molasses, so there wasn't no way for them to get out of them.

Kim said peggy was giving her this info to use agianst Ron in her case for custody of Ronald Junior.
